Grants & Government Contracts Database

Explore current grant and government contracting opportunities that may be relevant to nonprofits, public agencies, community-based organizations, and service providers working in the topic areas listed above. Grant opportunities featured in this newsletter can also be viewed, filtered, and sorted in the database linked below. Government contracts are not detailed individually in this newsletter because deadlines are often within three weeks of the opportunity's release, but the database will be updated over time with current contract opportunities. This resource includes funding and contracting opportunities that support programs, services, capacity building, technical assistance, and community impact work.

Search through the grants and government contracts database.

Access to Care (Health Care Workforce)

Federal Grants

U.S. Department of Health and Human Services, Agency for Healthcare Research and Quality (AHRQ) – Improving Diagnostic Safety in Ambulatory Care: Strategies and Interventions (R18) (PA-23-290)
Deadline: Opportunity expires May 26, 2028
Award Amount/Ceiling: Up to $500,000 total costs/year, Maximum of $2,000,000 total costs for up to 4 years
Description: This opportunity supports teams to design, implement, and evaluate practical strategies/interventions that reduce diagnostic errors in ambulatory care, where workflows, handoffs, and testing/communication processes vary widely across settings. Applicants are expected to propose an intervention approach grounded in patient safety/quality improvement methods, with a clear plan to test how the strategy works in real outpatient environments and how it can be adopted or scaled. AHRQ emphasizes attention to health equity and diagnostic disparities, including planning for recruitment and inclusion of populations that experience health disparities when relevant to the project aims. Funded projects are expected to track and report real-world implementation "reach" (e.g., practices/clinicians/patients reached) and whether targeted safety processes or outcomes improve. See NOFO for eligibility criteria. LEARN MORE

National Institutes of Health (NIH) — Clinical and Translational Science Award (CTSA) Program (UM1) (PAR-24-272)
Deadline: January 27, 2027, January 26, 2028, January 25, 2029
Award Amount/Ceiling: No fixed cap, award amount varies by applicant institution's NIH funding level, applicants may request different maximum budgets based on the total NIH funding received, as specified in the FOA's budget tier table.
Description: The National Institutes of Health (NIH) Clinical and Translational Science Award (CTSA) Program supports academic research hubs that accelerate the translation of scientific discoveries into improvements in human health. The program funds integrated centers that develop innovative methods, training, and collaborative infrastructure to improve the efficiency, quality, and impact of clinical and translational research. Projects support multidisciplinary teams and partnerships that enhance the clinical research workforce, advance data and informatics capabilities, and strengthen community engagement to speed the development and implementation of medical treatments and health interventions. See NOFO for eligibility criteria. LEARN MORE

U.S. Department of Agriculture (USDA) - Special Evaluation Assistance for Rural Communities and Households (SEARCH) Grant

Deadline: Applications are accepted year-round on an ongoing basis
Award Amount/Ceiling: Unspecified amount
Description: This USDA program provides predevelopment grant funding to help very small, financially distressed rural communities plan water and waste disposal projects before construction begins. Grants can support feasibility studies, preliminary design and engineering work, and technical assistance needed to prepare an application for future financial assistance. Eligible applicants include state and local governmental entities, nonprofits, and federally recognized tribes serving rural areas with populations of 2,500 or less and median household incomes below the poverty line or below 80% of the statewide non-metropolitan median household income. Applications are accepted year-round through local USDA Rural Development offices. LEARN MORE.

U.S. Department of Agriculture (USDA) - Community Facilities Direct Loan & Grant Program
Deadline: Applications are accepted year-round on an ongoing basis
Award Amount/Ceiling: Grants may cover up to 75%, 55%, 35%, or 15% of eligible project costs depending on rural population and median household income
Description: This opportunity includes grant funding for essential community facilities in rural areas through the USDA Community Facilities Program. Grants are available to eligible public bodies, community-based nonprofit corporations, and federally recognized tribes for projects such as health care facilities, public safety buildings and equipment, community centers, childcare centers, libraries, and other facilities that provide essential local services. Grant funds may be used to purchase, construct, improve, or equip these facilities and may be awarded alone or combined with loan financing. Grant amounts are determined on a graduated scale based on the community's population size and median household income, with the highest-need small rural communities eligible for up to 75% of eligible project costs. Applications are accepted year-round through the North Carolina USDA Rural Development office. LEARN MORE

National Institutes of Health (NIH) - Dissemination and Implementation Research in Health (R01 Clinical Trial Optional)
Deadline: October 05, 2026, February 05, 2027, June 05, 2027, October 05, 2027
Award Amount/Ceiling: Unspecified amount
Description: NIH's Dissemination and Implementation Research in Health (R01 Clinical Trial Optional) supports studies that identify, develop, or test strategies to overcome barriers to the adoption, adaptation, integration, sustainability, scale-up, spread, or de-implementation of evidence-based interventions in health. Eligible applicants include nonprofits with or without 501(c)(3) status, along with other eligible organization types listed in the NOFO, and applications must fall within the mission of at least one participating NIH Institute or Center. The opportunity supports research in clinical, community, public health, and policy settings, and clinical trials are allowed but not required. Proposed budgets must reflect the actual needs of the project, and the maximum project period is five years. LEARN MORE

National Institutes of Health (NIH) - NIH Small Research Grant Program (Parent R03 Clinical Trial Not Allowed)
Deadline: October 16, 2026, February 16, 2027, June 16, 2027, October 16, 2027
Award Amount/Ceiling: $50,000 per year
Description: NIH's Small Research Grant Program (Parent R03 Clinical Trial Not Allowed) funds small research projects that can be completed in a short period of time with limited resources. Eligible applicants include nonprofits with or without 501(c)(3) status, and applications must fit the mission of at least one participating NIH Institute or Center. Supported projects include pilot and feasibility studies, secondary analysis of existing data, small self-contained research projects, research methodology development, and new research technology development. Clinical trials are not allowed, and project periods may run up to two years. LEARN MORE

National Institutes of Health (NIH) - Dissemination and Implementation Research in Health (R21 Clinical Trial Optional)
Deadline: October 16, 2026, February 16, 2027, June 16, 2027, October 16, 2027
Award Amount/Ceiling: Up to $275,000
Description: NIH's Dissemination and Implementation Research in Health (R21 Clinical Trial Optional) supports studies that identify, develop, or test strategies to overcome barriers to the adoption, adaptation, integration, sustainability, scale-up, and spread of evidence-based interventions. Eligible applicants include nonprofits with or without 501(c)(3) status, along with other eligible organization types listed in the NOFO, and applications must fall within the mission of a participating NIH Institute or Center. The award supports dissemination and implementation research in clinical, community, public health, and policy settings, and clinical trials are allowed but not required. The maximum project period is two years. LEARN MORE

U.S. Department of Agriculture (USDA) Rural Development Program - Emergency Community Water Assistance Grants
Deadline: Applications are accepted year-round on an ongoing basis
Award Amount/Ceiling: Water transmission line grants are available up to $150,000; Water source grants are available up to $1,000,000.
Description: This USDA Rural Development program funds emergency drinking-water projects for small rural communities when safe, reliable water has recently declined or is at imminent risk because of disasters or similar emergencies. It can fund short-term waterline extensions and repairs as well as larger water-source projects like wells, reservoirs, transmission lines, and treatment-related infrastructure. Eligible applicants include state and local governmental entities, nonprofit organizations, and federally recognized Tribes serving rural areas with populations of 10,000 or less and median household incomes below the state's nonmetropolitan median. The application begins by contacting the North Carolina Rural Development State Office. LEARN MORE

Foundation Grants

The Duke Endowment - Health Care Program Grants
Deadline: Pre-application deadline: November 15, 2026, full application deadline (if invited): December 15, 2026.
Award Amount/Ceiling: Unspecified amount
Description: The Duke Endowment Health Care Program Grants are focused on priority organizations in North Carolina and South Carolina, including nonprofit hospitals, academic health centers, Area Health Education Centers, select organizations in counties without an eligible hospital, and nonprofit inpatient facilities. Competitive proposals align with the program's funding priorities, which include improving access to care for vulnerable populations, advancing maternal and infant health, strengthening mental health services with an emphasis on pediatric care, expanding oral health access, supporting population health, and building the health care workforce. Applicants whose pre-applications align with current priorities may be invited to submit a full application in the same cycle. Pre-applications are set to open 6 weeks before the full application deadline. LEARN MORE

Burroughs Wellcome Fund - Climate Change and Human Health Seed Grants
Deadline: July 23, 2026
Award Amount/Ceiling: Up to $50,000
Description: Burroughs Wellcome Fund's Climate Change and Human Health Seed Grants support small, early-stage, transdisciplinary projects that connect climate change and human health across fields such as biomedical science, public health, environmental science, demography, economics, urban planning, healthcare sustainability, crisis preparedness, and climate communication. LEARN MORE

National Institutes of Health (NIH) - Mentored Clinical Scientist Research Career Development Award (Parent K08 – Independent Clinical Trial Not Allowed)
Deadline: October 12, 2026, February 12, 2027
Award Amount/Ceiling: Unspecified amount
Description: NIH's Mentored Clinical Scientist Research Career Development Award (Parent K08 – Independent Clinical Trial Not Allowed) provides protected time for intensive, supervised research career development for individuals with clinical doctoral degrees. Eligible sponsoring organizations include nonprofits with or without 501(c)(3) status, and the candidate must have a clinical doctoral degree, hold a full-time appointment at the academic institution by the time of award, and commit at least 75% of full-time professional effort to the career development program. The award supports mentored research in biomedical, behavioral, and translational research, and applicants may not propose leading an independent clinical trial under this NOFO, though mentored experience in a clinical trial led by a mentor or co-mentor is allowed. The maximum project period is five years. LEARN MORE

Community Support Grants Program - Amcor Cares
Deadline: Applications are reviewed quarterly.
Award Amount/Ceiling: Over $1,000
Description: Amcor Cares (an Amcor Flexibles North America program) offers Community Support Grants to serve Amcor Flexibles facility communities, including Asheville, NC. Eligible 501(c)(3) organizations and non-profit accredited educational institutions serving Asheville may apply for projects over $1,000. Applications are submitted through the program's online portal and are reviewed quarterly. LEARN MORE

AASM Foundation - Community Sleep Health and Public Awareness Grant *NEW!*
Deadline: July 20, 2026
Award Amount/Ceiling: Up to $50,000
Description: The Community Sleep Health and Public Awareness Grant provides funding for a wide range of projects and initiatives dedicated to addressing sleep health needs in local, national, or global communities. The grant will support targeted programs and initiatives that promote healthy sleep and increase accessibility to sleep disorder evaluation and treatments among the communities in which we live, learn, work, and play. The Community Sleep Health and Public Awareness Grant are open to humanitarian, education, or awareness projects that focus on improving sleep health, sleep disorder evaluation and/or treatment in the community. Eligible applicants include Nonprofit, tax-exempt organizations that are tax exempt under US Internal Revenue Code Section 501(c)(3), individuals, and for-profit organizations collaborating with an eligible nonprofit. LEARN MORE

DAV Charitable Service Trust - DAV Charitable Service Trust Grant *NEW!*
Deadline: Rolling; July 31st, 2026, October 30, 2026
Award Amount/Ceiling: Unspecified amount
Description: DAV (Disabled American Veterans) Charitable Service Trust is dedicated to empowering veterans to lead high-quality lives with respect and dignity. The grant program supports not-for-profit organizations that fulfill a need or array of needs for sick, wounded, homeless, or at-risk United States veterans and their families. All applicants must be operational and recognized by the Internal Revenue Service (IRS) as tax-exempt. Application cycles will open and close yearly on the first and last business days of January, April, July, and October. LEARN MORE

Corporate Grants

J.B. Hunt - Company Giving
Deadline: December 31, 2026
Award Amount/Ceiling: Unspecified amount
Description: J.B. Hunt, as part of its giving strategy, provides financial support for projects across four pillars: health care, veterans' support, education, and crisis management. The Company's Giving Eligibility page lists eligible organizations as 501(c)(3) organizations, schools,

religious organizations, government agencies, and civic, youth, and veteran's groups. J.B. Hunt gives both nationally and locally. All requests and proposals for funding are accepted in the month of December for consideration in the following calendar year. LEARN MORE

Abbott - Domestic (US) Product Donation Program
Deadline: Rolling
Award Amount/Ceiling: Unspecified amount
Description: The Abbott Medical Device Domestic (US) Product Donation Program accepts requests to support U.S.-based organizations with donated products for an indigent patient they have identified. Requests are accepted from U.S.-based healthcare facilities, licensed physicians, and charitable organizations that provide care for indigent patients. Abbott donates FDA-approved medical devices and related accessories for patient care, including implantable devices such as ICDs and CRT-Ds, along with associated leads. Requests must be submitted at least 5 days and no more than 30 days prior to the implant date, and Abbott states that in the event of a medical emergency requiring immediate use of an Abbott product, an application may be submitted up to 5 days after implant of the product. LEARN MORE

BioMarin - Grants
Deadline: Rolling on or before, November 1, 2026
Award Amount/Ceiling: Unspecified amount
Description: BioMarin provides funding for a variety of events, activities, and projects that benefit patients, the scientific or medical community, and/or public health in areas of interest to BioMarin. Eligible organization types include accredited providers, medical or professional associations, hospitals or community health centers, patient associations or advocacy groups, medical education companies, universities or colleges, community projects or groups, and registered charities. Funding requests are accepted for review all year, but requests requiring funding prior to year-end must be submitted on or before November 1. LEARN MORE

Brooks Brothers - Request A Donation
Deadline: Rolling. Nonprofits are encouraged to apply at least one month in advance of their event or project.
Award Amount/Ceiling: Unspecified amount
Description: Brooks Brothers' mission is to enhance the lives of those both within and beyond the communities it serves by partnering with select local and national non-profit organizations related to men's, women's, and children's health issues, as well as education and the arts. This donation request opportunity requires applicants to provide information on the organization's work, how the donation will be acknowledged at the event, and the event's fundraising goals. Applicants must attach the organization's letterhead or proof of 501(c)(3) status as a single PDF

or Word document. The official request form includes event types such as live auction, silent auction, online auction, raffle/door prize, peer-to-peer fundraising event, and others. LEARN MORE

Bayer - Healthcare-related Contributions
Deadline: Rolling
Award Amount/Ceiling: Unspecified amount.
Description: Bayer's Healthcare-related Contributions program is a promising opportunity for eligible 501(c)(3) patient, professional, and scientific nonprofits working to improve patient care, education, or advocacy. Funding may support general operations, a specific program or activity, or a fundraiser event. LEARN MORE

Pfizer Investigator Sponsored Research (ISR)
Deadline: Sep 9, 2026
Award Amount/Ceiling: Unspecified amount
Description: Pfizer's research-grants opportunity includes two pathways: Investigator Sponsored Research (ISR) and General Research. ISR supports independent studies where the investigator/organization sponsors and conducts the research and Pfizer may provide financial and/or non-financial support when the work relates to a Pfizer asset—a specific Pfizer product or investigational compound (e.g., studies of outcomes, safety, use patterns, or effectiveness). General Research is the pathway for research that is not tied to any Pfizer asset (e.g., epidemiology, registries, health services/implementation research, or outcomes research not focused on a Pfizer product). LEARN MORE

Abbott - Medical Device Charitable Grant Program
Deadline: 60 days prior to event
Award Amount/Ceiling: Unspecified amount
Description: Abbott's Charitable Grant supports charitable programs and events that serve low-income, underserved, and/or uninsured populations through cardiovascular-focused work, such as fundraisers that benefit communities affected by cardiovascular conditions, chronic pain, and movement disorders, as well as overall community well-being in these areas. LEARN MORE

Oriental Trading Company - Donation Request Form *NEW!*
Deadline: Rolling
Award Amount/Ceiling: Unspecified amount
Description: Together with its national and community partners, the Oriental Trading Corporate Giving program strives to enhance the enrichment of the lives of children through education, youth programming, healthcare and human services. Oriental Trading Company supports organizations and programs in the following areas: Education, Youth, Healthcare, and Human Services. To be eligible under the Oriental Trading Corporate Giving Program, organizations must have a current tax-exempt status under Section 501(c)(3) of the Internal Revenue Code of

1986, as amended, or be a public school, college or university operated exclusively for public purposes. LEARN MORE

Capacity Building

Federal Grants

National Institutes of Health (NIH) — Clinical and Translational Science Award (CTSA) Program (UM1) (PAR-24-272)
Deadline: January 27, 2027, January 26, 2028, January 25, 2029
Award Amount/Ceiling: No fixed cap, award amount varies by applicant institution's NIH funding level, applicants may request different maximum budgets based on the total NIH funding received, as specified in the FOA's budget tier table.
Description: The National Institutes of Health (NIH) Clinical and Translational Science Award (CTSA) Program supports academic research hubs that accelerate the translation of scientific discoveries into improvements in human health. The program funds integrated centers that develop innovative methods, training, and collaborative infrastructure to improve the efficiency, quality, and impact of clinical and translational research. Projects support multidisciplinary teams and partnerships that enhance the clinical research workforce, advance data and informatics capabilities, and strengthen community engagement to speed the development and implementation of medical treatments and health interventions. See NOFO for eligibility criteria. LEARN MORE

U.S. Department of Health and Human Services, Agency for Healthcare Research and Quality (AHRQ) – Improving Diagnostic Safety in Ambulatory Care: Strategies and Interventions (R18) (PA-23-290)
Deadline: May 26, 2028
Award Amount/Ceiling: Up to $500,000 total costs/year, Maximum of $2,000,000 total costs for up to 4 years
Description: This opportunity supports teams to design, implement, and evaluate practical strategies/interventions that reduce diagnostic errors in ambulatory care, where workflows, handoffs, and testing/communication processes vary widely across settings. Applicants are expected to propose an intervention approach grounded in patient safety/quality improvement methods, with a clear plan to test how the strategy works in real outpatient environments and how it can be adopted or scaled. AHRQ emphasizes attention to health equity and diagnostic disparities, including planning for recruitment and inclusion of populations that experience health disparities when relevant to the project aims. Funded projects are expected to track and report real-world implementation "reach" (e.g., practices/clinicians/patients reached) and whether targeted safety processes or outcomes improve. See NOFO for eligibility criteria. LEARN MORE

U.S. Department of Agriculture (USDA) - Special Evaluation Assistance for Rural Communities and Households (SEARCH) Grant

Deadline: Applications are accepted year-round on an ongoing basis
Award Amount/Ceiling: Unspecified amount
Description: This USDA program provides predevelopment grant funding to help very small, financially distressed rural communities plan water and waste disposal projects before construction begins. Grants can support feasibility studies, preliminary design and engineering work, and technical assistance needed to prepare an application for future financial assistance. Eligible applicants include state and local governmental entities, nonprofits, and federally recognized tribes serving rural areas with populations of 2,500 or less and median household incomes below the poverty line or below 80% of the statewide non-metropolitan median household income. Applications are accepted year-round through local USDA Rural Development offices. LEARN MORE.

U.S. Department of Agriculture (USDA) - Mutual Self-Help Housing Technical Assistance Grants
Deadline: Applications are accepted year-round
Award Amount/Ceiling: Unspecified amount
Description: This USDA Rural Development program funds organizations that help very-low- and low-income families build their own homes together in eligible rural areas through the mutual self-help housing model. Instead of paying for construction materials or labor, the grant supports the nonprofit's technical and supervisory role, including organizing participating families, guiding the build process, and helping families complete related loan applications. LEARN MORE

Foundation Grants

Mary Reynolds Babcock Foundation - Grants
Deadline: Rolling
Award Amount/Ceiling: Unspecified Amount
Description: The Mary Reynolds Babcock Foundation supports power building to advance racial equity and social and economic justice across an 11-state Southern footprint, including North Carolina. They invite proposals from nonprofits serving the South that have track records of helping people and places move out of poverty and achieve greater social and economic justice. Organizations may use funds for general operating support, project support, "glue" support for networks of grassroots and partner organizations, and organizational development needs. Prospective partners may submit an organizational summary at any point in the year, if work aligns and funding is available, MRBF may invite a full proposal and staff then bring recommendations forward for board approval. LEARN MORE

Community Foundation of Henderson County Community - CFHC Community Grants
Deadline: September 1, 2026, December 1, 2026
Award Amount/Ceiling: Unspecified Amount

Description: CFHC's Community Grants support tax-exempt organizations running programs located in Henderson County or providing direct benefit to Henderson County residents. CFHC encourages proposals that demonstrate collaboration, minimize duplication of services, emphasize prevention and early intervention, affect a broad segment of the population and are relevant to community needs. Focus areas include animal care, arts &culture, civic affairs, conservation, health, education, and human services. Applications are accepted quarterly, and awards are normally announced about two months after each cycle deadline. LEARN MORE

ChildTrust Foundation - Program Grants
Deadline: Rolling
Award Amount/Ceiling: Unspecified Amount
Description: ChildTrust Foundation offers Program Grants for early childhood-focused education organizations serving young children (birth through age 8), their families, and early educators, with program work described as happening in Wake County and across eastern North Carolina ("from Raleigh to the coast"). Eligible applicants are 501(c)3 organizations operating in North Carolina (the foundation typically does not fund individual schools directly) and are aligned with IMC's non-discrimination policy. There are no application deadlines or fixed grant cycles, grants are awarded on a rolling basis throughout the year. Applicants are asked to start by contacting the foundation to confirm fit, then submit a short proposal with basic financial documentation (budgets, 990, audited financials). LEARN MORE

Golden LEAF Foundation - Open Grants
Deadline: August 20, 2026, October 22, 2026
Award Amount/Ceiling: Up to $500,000
Description: Golden LEAF's Open Grants Program funds economic development projects in North Carolina, with emphasis on tobacco-dependent, economically distressed, and/or rural communities. Eligible applicants are governmental entities and 501(c)(3) nonprofit organizations, and awards in this program are $500,000 or less. The process is a two-stage application: applicants submit a Stage 1 application, and only selected applicants are invited to submit a Stage 2 application for funding consideration. Priority funding areas include Job Creation & Economic Investment, Workforce Preparedness, Agriculture, and Community Competitiveness. Applications are submitted through Golden LEAF's Fluxx grant portal, and submissions are grouped into recurring board-cycle deadlines while still allowing applications throughout the year. LEARN MORE

Fidelity Foundation - Capacity Building Grants
Deadline: No fixed deadline / LOIs accepted anytime
Award Amount/Ceiling: Unspecified Amount
Description: The Fidelity Foundation supports established nonprofits pursuing strategic, transformative initiatives that can measurably improve impact, typically capacity-building work in

capital investments, planning initiatives, or technology projects. Eligible applicants must be 501(c)(3) public charities with $1M+ operating budgets proposing projects budgeted at $100K+ and must align to the Foundation's sector priorities (Arts & Culture, Conservation, Education, Health, Social & Economic Mobility). Raleigh and Durham, NC are areas of particular geographic focus. Applicants generally begin with a Letter of Inquiry, and the Foundation notes it does not frequently fund unsolicited LOIs, responses are typically provided within 60 days. LEARN MORE

Truist Foundation - Building career pathways to economic mobility
Deadline: July 31, 2026, November 30, 2026
Award Amount/Ceiling: Minimum grant is $15,000
Description: The Truist Foundation invests in innovative nonprofits that work with adults and align with its key areas of focus: "building career pathways to economic mobility" and "strengthening small businesses". The Truist Foundation supports needs that are sustainable and don't commit funds to recurring expenditures such as funding for a new program launch, a curriculum to expand or strengthen a program, equipment to deliver a program, and capital needs. The application process is open through Truist's online portal with three annual deadlines (March 31, July 31, Nov 30) and decisions are communicated roughly four months after each deadline. Truist requires applicants to be qualifying 501(c)(3)/509(a) organizations and notes it does not provide general operating support for this pillar. LEARN MORE

Truist Foundation - Truist Grant Opportunity *NEW!*
Deadline: July 31, 2026 and November 30, 2026
Award Amount/Ceiling: Minimum of $15,000
Description: The Truist Foundation funds 501(c)(3) nonprofits working in two focus areas: building career pathways to economic mobility for adults age 18 and older, and strengthening small businesses through access to capital, technical assistance, and ecosystem support. The foundation supports sustainable, non-recurring needs such as new program launches, curriculum development, equipment, and capital campaigns (the latter only once 60% of fundraising goals are secured). LEARN MORE

Z. Smith Reynolds Foundation - State-Level Systemic Change *NEW!*
Deadline: July 30, 2026
Award Amount/Ceiling: No minimum or maximum
Description: The Z. Smith Reynolds Foundation funds North Carolina nonprofits working to change policies, power structures, and root causes of systemic challenges across four issue areas: democracy, environment, public education, and social and economic justice. Most grants are for multiyear general operating support, though project grants are also available, and the foundation gives particular emphasis to organizations serving historically marginalized

communities. Eligible applicants must be 501(c)(3) organizations, colleges/universities, religious entities, or government units serving North Carolinians. Most grants range from $30,000 to $100,000 per year for one, two or three years, but grants can be higher or lower than this range. ZSR does not set minimum or maximum funding amounts for applicants. The amount requested should align with the scope of work presented. LEARN MORE

Corporate Grants

Pfizer Investigator Sponsored Research (ISR)
Deadline: September 9, 2026
Award Amount/Ceiling: Unspecified amount
Description: Pfizer's research-grants opportunity includes two pathways: Investigator Sponsored Research (ISR) and General Research. ISR supports independent studies where the investigator/organization sponsors and conducts the research and Pfizer may provide financial and/or non-financial support when the work relates to a Pfizer asset—a specific Pfizer product or investigational compound (e.g., studies of outcomes, safety, use patterns, or effectiveness). General Research is the pathway for research that is not tied to any Pfizer asset (e.g., epidemiology, registries, health services/implementation research, or outcomes research not focused on a Pfizer product). LEARN MORE

Enbridge Gas - Giving Program *NEW!*
Deadline: November 15, 2026
Award Amount/Ceiling: Unspecified amount
Description: Enbridge Gas directs community investments to communities that fall within its service areas including Enbridge Gas North Carolina. The program is guided by three focus areas: safe communities, vibrant communities, and sustainable communities. Enbridge Gas considers opportunities that are important to the local community, benefit the greatest number of people, support the community's long-term interests, and align with one of its core focus areas. Organizations must apply through Enbridge Gas' Benevity application. Before applying, organizations should ensure they are registered with Benevity and have Electronic Funds Transfer (EFT) set up as a disbursement option. LEARN MORE

Goldman Sachs Foundation - 10,000 Small Businesses *NEW!*
Deadline: Rolling
Award Amount/Ceiling: Unspecified amount
Description: Goldman Sachs 10,000 Small Businesses is an investment in the growth of small businesses. We help entrepreneurs create jobs and economic opportunity by providing access to education, capital and support services. Participants gain practical skills to take their businesses to the next level, access financial capital, and receive support from a network of trained professionals. The program is 100% funded by the Goldman Sachs Foundation – $0 cost to participants, and applicants must be an owner or co-owner of the business, have been

operating at least two years, have revenue of $75K or more in one of the past two fiscal years, and have at least two employees, including yourself as the owner. LEARN MORE

Local Government Grants

Dare County Tourism Board / Outer Banks Visitors Bureau - Long Term Unappropriated Fund Grant
Deadline: Yearly on August 1st–15th and February 1st –15th
Award Amount/Ceiling: Up to $500,000
Description: The Dare County Tourism Board offers reimbursement-based grants to Dare County nonprofits and local government units to address unplanned, extraordinary, and nonrecurring needs arising from the impact of tourism on the county. Applicants must be a Dare County Local Government or a non-profit entity with its principal place of business in Dare County. Additionally, projects must be located in Dare County. LEARN MORE

Capital Funding

Federal Grants

U.S. Department of Agriculture (USDA) Rural Development - Emergency Community Water Assistance Grants
Deadline: Applications are accepted on an ongoing basis from October 1 to September 30
Award Amount/Ceiling: Up to $1,000,000 for water source grants, and up to $150,000 for water transmission line grants
Description: USDA Rural Development's Emergency Community Water Assistance Grants help eligible communities prepare for, or recover from, an emergency that threatens the availability of safe, reliable drinking water. Eligible applicants include nonprofit organizations, rurally located public bodies, and federally recognized Tribes. Funds may be used for water source projects, including construction of new wells, reservoirs, transmission lines, treatment plants, and other sources of water, as well as water transmission line projects such as waterline extensions, repair of breaks or leaks in existing water distribution lines, and related maintenance necessary to replenish the water supply. Water source grants may be up to $1,000,000; water transmission line grants may be up to $150,000. LEARN MORE

U.S. Department of Housing and Urban Development - FY26 Pathways to Removing Obstacles to Housing (PRO Housing) *NEW!*
Deadline: August 3, 2026
Award Amount/Ceiling: $5 million to $10 million
Description: The Pathways to Removing Obstacles to Housing (PRO Housing) program provides competitive awards to state governments, county governments, city or township governments, metropolitan planning organizations (MPOs), and multijurisdictional entities to help communities reduce regulatory barriers to affordable housing production and preservation, and increase housing affordability. PRO Housing funds may be used for development activities, infrastructure activities directly related to new housing development, housing preservation activities, and planning supporting affordable housing. LEARN MORE

Foundation Grants

The Bolger Foundation - Grant Request
Deadline: September 1, 2026
Award Amount/Ceiling: $10,000 to $250,000 (project budget cap: $2.5 million).
Description: The Bolger Foundation funds capital projects that enhance tangible property owned by the applicant 501(c)(3), such as constructing or expanding facilities, significant building/grounds improvements, or major equipment/technology purchases (per funder examples). Eligible applicants must be USA-based public charities (not private foundations). The foundation runs two application periods per year (Nov 1–Feb 1 and Jun 1–Sep 1) and

states that funding decisions are made within about six weeks after the period ends. LEARN MORE

Truist Foundation - Truist Grant Opportunity *NEW!*
Deadline: July 31, 2026, November 30, 2026
Award Amount/Ceiling: Minimum of $15,000
Description: The Truist Foundation funds 501(c)(3) nonprofits working in two focus areas: building career pathways to economic mobility for adults age 18 and older, and strengthening small businesses through access to capital, technical assistance, and ecosystem support. The foundation supports sustainable, non-recurring needs such as new program launches, curriculum development, equipment, and capital campaigns (the latter only once 60% of fundraising goals are secured). LEARN MORE

Cannon Charitable Interests - Grant Inquiries
Deadline: September, and December (inquiry form required at least 90 days prior to the application deadline).
Award Amount/Ceiling: Unspecified Amount
Description: Cannon Charitable Interests accepts grant inquiries from nonprofit organizations with significant operations in North Carolina and at least five years of operating history. The foundation funds capital and equipment projects only. Organizations must first submit an online Inquiry Form at least 90 days prior to the applicable grant cycle deadline, if the project aligns with the foundation's funding areas, the organization may be invited to submit a full application. LEARN MORE

Fidelity Foundation - Capacity Building Grants
Deadline: No fixed deadline / LOIs accepted anytime
Award Amount/Ceiling: Unspecified Amount
Description: The Fidelity Foundation supports established nonprofits pursuing strategic, transformative initiatives that can measurably improve impact, typically capacity-building work in capital investments, planning initiatives, or technology projects. Eligible applicants must be 501(c)(3) public charities with $1M+ operating budgets proposing projects budgeted at $100K+ and must align to the Foundation's sector priorities (Arts & Culture, Conservation, Education, Health, Social & Economic Mobility). Raleigh and Durham, NC are areas of particular geographic focus. Applicants generally begin with a Letter of Inquiry, and the Foundation notes it does not frequently fund unsolicited LOIs, responses are typically provided within 60 days. LEARN MORE

The J.W. Couch Foundation - Historical Preservation
Deadline: September 25, 2026
Award Amount/Ceiling: Minimum request is $50,000
Description: The J.W. Couch Foundation accepts grant applications for projects that support historical preservation. Eligible applicants must be registered 501(c)(3) nonprofit organizations aligned with one of the foundation's charitable programs. The application indicates a minimum request of $50,000. Organizations interested in other charitable programs or focus areas not currently accepting unsolicited applications may submit a grant letter of inquiry through the foundation's online chat. LEARN MORE

The Hearst Foundation - Culture Grant
Deadline: Rolling
Award Amount/Ceiling: Minimum grant size is $100,000
Description: The Hearst Foundations' Culture grant funds cultural institutions that offer meaningful programs in the arts and sciences, with priority for organizations that engage young people and create lasting, measurable impact. Supported organizations include arts schools, ballets, museums, operas, performing arts centers, symphonies, and theaters. Eligible applicants must be U.S.-based 501(c)(3) nonprofit organizations with audited expenses of at least $2 million and leadership that has been in place for at least one year. The program supports program and capital requests and, on a limited basis, general and endowment support. LEARN MORE

Corporate Grants

Four County Electric Membership Corporation - Operation Round Up
Deadline: Rolling
Award Amount/Ceiling: Unspecified amount
Description: Four County EMC's Operation Round Up offers a local funding opportunity for established nonprofits serving Four County EMC members in southeastern North Carolina, including Bladen, Duplin, Pender, and Sampson counties. Support can help cover community-serving projects and programs, building repairs or improvements, items of necessity, and other essential needs, except for electric bills. LEARN MORE

Piedmont Electric Cooperative - Helping Hand Foundation Charitable Request Form *NEW!*
Deadline: Rolling; July 31, 2026 and Oct. 31, 2026
Award Amount/Ceiling: Unspecified amount
Description: Piedmont Electric Cooperative established the Helping Hand Foundation as a way to give back to the communities in which they live and serve. The foundation aims to help individuals in need with energy assistance while also supporting local nonprofits, scholarships for students, grants for teachers and other projects. Organizations must operate within the foundation's service areas and have beneficiaries that reside within Alamance, Caswell,

Durham, Granville, Orange or Person counties. Prohibited funding purposes include religious activities, lobbying or political activity, fraternal or labor organization, fundraising efforts, national fund drives, or advertising. LEARN MORE

Literary Arts Fund - 2026 Innovation Project Grants *NEW!*
Deadline: August 17, 2026
Award Amount/Ceiling: $25,000 to $100,000
Description: The Literary Arts Fund will award a total of $1 million in grants in 2026 to literary arts nonprofits for new, one-time, forward-thinking projects. Funded projects should address critical structural challenges that, if improved or solved, would strengthen literary arts nonprofits' ability to serve creative writers. Eligible applicants must be independent nonprofit or fiscally sponsored literary arts organizations or publishers based in the United States, with a primary mission that directly supports adult creative writers in creating artistic work and sharing it with readers. Organizations that meet the full eligibility requirements may apply independently or as the lead applicant for a collaborative project. Projects must begin after January 1, 2027, and end by December 31, 2027. LEARN MORE

Local Government Grants

Dare County Tourism Board / Outer Banks Visitors Bureau - Tourism Impact Grant
Deadline: September 1, 2026 to September 30, 2026
Award Amount/Ceiling: No fixed cap. Match requirements are based on the awarded amount: below $50,000, no match required; $50,000–$125,000, at least 25% match required from applicant; over $125,000, at least 50% match required from applicant.
Description: The Tourism Impact Grant financially assists Dare County governmental units and other non-profit organizations with programs or services needed due to the impact of tourism on the County. Eligible applicants are Dare County Local Governments or nonprofit entities with principal place of business in Dare County, and projects must be located in Dare County. Complete applications must be submitted between September 1 and September 30, and match requirements are based on the awarded amount. LEARN MORE

Dare County Tourism Board / Outer Banks Visitors Bureau - Long Term Unappropriated Fund Grant
Deadline: Yearly on August 1st–15th and February 1st –15th
Award Amount/Ceiling: Up to $500,000
Description: The Dare County Tourism Board offers reimbursement-based grants to Dare County nonprofits and local government units to address unplanned, extraordinary, and nonrecurring needs arising from the impact of tourism on the county. Applicants must be a Dare County Local Government or a non-profit entity with its principal place of business in Dare County. Additionally, projects must be located in Dare County. LEARN MORE

Dare County Tourism Board / Outer Banks Visitors Bureau - Event Grant
Deadline: Yearly from August 1 to August 15
Award Amount/Ceiling: Up to $50,000
Description: The Event Grant supports Dare County-based nonprofit and governmental organizations in creating and hosting events such as concerts, fairs and festivals, and sporting competitions that encourage overnight visitation to Dare County's Outer Banks during the off-peak season. The applying organization and planned event must be located in Dare County. Additionally, the event must take place between September 7 and June 15. Maximum grant awards are based on the number of out-of-market visitors, including up to $50,000 for events attracting more than 3,000 out-of-market visitors. Applications must be received no less than four months before the start of the project. LEARN MORE

City of Raleigh - Rental Development Program
Deadline: August 14, 2026
Award Amount/Ceiling: City anticipates $8,000,000 to $10,000,000 total available to award
Description: The City of Raleigh's Housing and Community Development Department offers Rental Development Program gap financing to help create and preserve affordable multifamily rental housing in Raleigh by filling remaining financing gaps in LIHTC and other affordable deals. The program is designed to leverage other major funding sources (such as tax credits and private lending) and secure long-term affordability in projects the City helps fund. Assisted units must be affordable to households earning 80% or less of Area Median Income (AMI). Eligible applicants include for-profit and nonprofit developers or sponsors proposing new construction and/or rehabilitation of affordable multifamily rental housing within Raleigh (or annexing into Raleigh, with annexation completed before City recommendations). Applications are submitted through the City's Neighborly portal and require a mandatory pre-meeting before submission. LEARN MORE

State Government Grants

N.C. Department of Environmental Quality - Multifamily Recycling Grant
Deadline: Rolling, no deadline
Award Amount/Ceiling: Up to $71,500 per project
Description: The Multifamily Recycling Grant program assists with the implementation, expansion, and improvement of multifamily recycling programs in North Carolina and funds projects that help build lasting capacity to recycle traditional household materials from multifamily residences. Eligible applicants include local governments, colleges and universities for off-campus housing, public housing authorities, multifamily property owners or management companies, and recycling businesses or nonprofits that collect and/or haul recyclables from multifamily properties. The maximum amount of grant funding available per project is $71,500, with no minimum funding requirement; a cash match is required at 10 percent for local governments, colleges and universities, and public housing authorities, and 20 percent for

recycling businesses, nonprofits, property owners, and property managers. Grant funds may be used for equipment such as carts, dumpsters, collection vehicles, concrete pads, recycling corrals, and education, as well as positions or labor to manage or implement multifamily programs, but funds may not be used for operational costs such as overhead or recycling collection or processing fees; projects must create new access and/or new recovered tonnage and include an education component. LEARN MORE

N.C. Department of Natural and Cultural Resources - Land and Water Conservation Fund
Deadline: November 2, 2026
Award Amount/Ceiling: Up to $750,000
Description: The Land and Water Conservation Fund awards matching grants to local governments to assist with acquisition, development, renovation, or combination projects for outdoor public recreation. Eligible applicants are North Carolina counties, incorporated municipalities, and federally recognized Native American tribes. LWCF grants can be used for acquisition, development, renovation, and combination projects for outdoor public recreation, and a project must be located on a single site. Applicants may request a maximum grant of $750,000 with each application and must provide at least a 50 percent match. Applicants must own the park property, and property acquired or developed with LWCF assistance must be used for public outdoor recreation use in perpetuity. LEARN MORE

North Carolina Trails Program / N.C. Division of Parks and Recreation - Recreational Trails Program Grant
Deadline: September 4, 2026
Award Amount/Ceiling: Up to $100,000. Minimum of $10,000.
Description: The Recreational Trails Program Grant provides federal grants for trail creation and maintenance through the North Carolina Trails Program. Grants are available to governmental agencies and nonprofit organizations, and the program values trail projects that are legal, safe, managed, and provide connectivity, reasonable public access, and parking. Eligible uses include new trail and greenway construction, trail or greenway renovation, approved trail or greenway facilities and trailhead or trail markers, purchase of tools to construct or renovate trails, land acquisition for trail purposes, planning/legal/environmental/permitting costs up to 10% of the grant amount, or a combination of eligible uses. The program is a reimbursement and matching grant program, with a $10,000 minimum, $100,000 maximum, and 25% match requirement for RTP funds received. LEARN MORE

N.C. Department of Environmental Quality, Division of Water Resources - Guidelines: Natural Resources Conservation Service's Environmental Quality Incentives Program (NRCS-EQIP)
Deadline: July 31, 2026
Award Amount/Ceiling: Unspecified amount
Description: The DWR is authorized to provide grants to local governments for stream

restoration projects cost-shared as part of the Natural Resources Conservation Service's Environmental Quality Incentives Program. Eligible applicants are units of local government and local political subdivisions; non-governmental organizations may participate only as co-applicants partnering with a local government applicant. Stream restoration projects approved for NRCS-EQIP funding by the U.S. Department of Agriculture are eligible for state financial assistance, and a single project consists of all landowners and participants under a single NRCS-approved project contract along a contiguous stretch of stream. Eligible stream practices are those listed in the most recent EQIP/RCPP Guidelines for Natural Stream Channel Work; projects for maintenance or repairs, existing permit requirements or regulatory enforcement actions, nutrient-credit generation, NRCS small watershed projects, compensatory mitigation credits, and most stream debris removal are not eligible. The DWR can provide up to a maximum 1:1 cost-share based on the federal cost estimate of eligible stream restoration practices, and the current spring 2026 application cycle has been extended to July 31, 2026. LEARN MORE

North Carolina Department of Environmental Quality, Division of Water Infrastructure - Emerging Contaminants Study Projects
Deadline: August 1, and November 2, 2026.
Award Amount/Ceiling: $500,000
Description: The North Carolina Department of Environmental Quality's Division of Water Infrastructure is offering Emerging Contaminants funding, available to local government units, non-profit water corporations and investor-owned drinking water companies for planning or construction projects addressing Per- and Polyfluoroalkyl Substances (PFAS) in water or wastewater systems. DEQ is utilizing federal funding to help public water systems address PFAS in advance of the EPA's proposed National Drinking Water Regulation. Eligible applicants are local government units and non-profit water or wastewater corporations that provide water or wastewater service, investor-owned drinking water utilities regulated by the Utilities Commission are also eligible for the Drinking Water State Revolving Fund, and publicly-owned landfills are eligible for the Clean Water State Revolving Fund - Emerging Containments funding. LEARN MORE

North Carolina Rural Infrastructure Authority - Rural Demolition Program
Deadline: August 20, 2026
Award Amount/Ceiling: Up to $75,000 for buildings 100,000 square feet or less, up to $150,000 for buildings over 100,000 square feet, and no more than $12,500 per projected job to be created on the rehabilitated site.
Description: The North Carolina Rural Infrastructure Authority – Rural Demolition Program provides grants to units of local government located in Tier 1 or Tier 2 counties, or within a rural census tract in a Tier 3 county of North Carolina to demolish blighted, publicly owned buildings

for future economic development use. Eligible projects must involve buildings that have been vacant for at least three years, include a minimum 25% local cash match, and demonstrate a reasonable expectation of private-sector investment and job creation after redevelopment. Applicants must own the property proposed for demolition. LEARN MORE

North Carolina Department of Commerce - Rural Reuse & Development Fund (Building Reuse & Rural Infrastructure Programs)
Deadline: August 20, 2026, October 22, 2026, January 7, 2027, February 22, 2027, April 29, 2027
Award Amount/Ceiling: Unspecified amount
Description: The NC Department of Commerce's Rural Engagement & Investment unit administers the Rural Reuse & Development Programs, including the Rural Building Reuse and Rural Infrastructure programs, which support local-government-led economic development projects that result in the direct creation of new, full-time, private-sector jobs. The Building Reuse Program supports the renovation or upfit of vacant buildings, renovation or expansion of existing business buildings, and renovation, expansion, or construction of certain rural health care facilities. The Rural Infrastructure Program supports publicly owned infrastructure improvements such as drinking water or wastewater treatment plants, public water or sewer lines, publicly owned natural gas lines, access roads not funded or owned by NCDOT, and public rail spur improvements. Building Reuse requires a dollar-for-dollar cash match and awards may not exceed one-half of renovation or construction costs, while Rural Infrastructure requires a 5% local cash match. LEARN MORE

North Carolina Trails Program - Recreational Trails Program (RTP) Grant
Deadline: September 4, 2026
Award Amount/Ceiling: $10,000 to $100,000
Description: The North Carolina Trails Program administers the federal Recreational Trails Program (RTP) grant to support trail creation and maintenance projects statewide. Eligible applicants include government agencies and qualified nonprofit organizations. The Trails Program staff are ready, willing and available to assist in all phases of the application process of projects that are construction ready for grant funding. These sustainable, "shovel-ready" projects leverage local funds to meet recreational trail and trail needs, in an effort to provide low infrastructure economic development opportunities through natural resource tourism. There is a 25% match requirement for RTP funds received, and the program reimburses approved costs after deliverables are completed. LEARN MORE

NC Department of Environmental Quality - Water Resources Development Grant Program
Deadline: June 30, 2027
Award Amount/Ceiling: Up to $200,000, or $50,000 for engineering/feasibility studies; larger awards may be granted case-by-case; requires a 50% match
Description: This statewide NC DEQ program provides cost-share grants to local governments

for stream restoration, water management, water-based recreation sites, and preliminary feasibility or engineering studies tied to those purposes. This opportunity may be relevant to municipalities, regional councils of government, and other local political subdivisions that can bring at least a 50% match, complete a required pre-application consultation, and manage a competitive project with maps, resolutions, and detailed budget documentation. Nonprofits, universities, consultants, and watershed associations can help administer projects, but they cannot be the direct applicant unless they are working on behalf of an eligible local government.

Early Childhood

Federal Grants

National Institutes of Health (NIH) - Advancement and Innovation in Measurement of Language Development and Predictors
Deadline: October 05, 2026, February 05, 2027, June 05, 2027
Award Amount/Ceiling: Application budgets are not limited but need to reflect the actual needs of the proposed project.
Description: This NIH funding opportunity supports community-engaged research aimed at developing new, culturally and linguistically responsive tools to better measure children's language development and the environments that support it. The overall goal is to build the number of strengths-focused, culturally and linguistically responsive, and generalizable tools to further our understanding of children's language development and/or impairment, and predictors thereof. Projects should focus on creating or validating measures of language development and/or the communicative environment, with a strong emphasis on generalizability and relevance to communities that are typically underrepresented in research. A Community Engagement Plan is required with every application, outlining how community partners will be meaningfully involved throughout the research process. Eligible applicants include nonprofits (with or without 501(c)(3) status), higher education institutions, tribal governments, faith- and community-based organizations, and others, with project periods of up to five years and no stated budget cap. LEARN MORE

U.S. Department of Education, Office of Special Education and Rehabilitative Services - National Center on Academic Interventions *NEW!*
Deadline: August 10, 2026
Award Amount/Ceiling: Up to $3,700,000

Description: The U.S. Department of Education's Office of Special Education and Rehabilitative Services (OSERS) is seeking one applicant to establish a National Center on Academic Interventions to provide technical assistance to state and local education agencies in supporting students with disabilities through evidence-based literacy and mathematics instruction. The Center will focus on addressing achievement gaps for students with disabilities and helping educators implement intensive interventions. Eligible applicants include nonprofits, institutions of higher education, state and local education agencies, federally recognized tribes, and for-profit organizations. LEARN MORE

National Institutes of Health; Eunice Kennedy Shriver National Institute of Child Health and Human Development - Novel Experiential Technologies Assisting Individual Learning

(NExT AI) Hubs *NEW!*
Deadline: October 2, 2026
Award Amount/Ceiling: Up to $390,000 in direct costs per year
Description: The Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD) invites exploratory research grant applications from universities, nonprofits, and other eligible organizations to study how AI technologies affect learning and development in children ages birth to 18 who have or are at risk for specific learning disabilities (SLDs) in reading, writing, and mathematics. Each funded "Hub" must include a Research Project and a Leadership Core, with an emphasis on transdisciplinary collaboration, early career researcher development, and community-engaged research. LEARN MORE

Foundation Grants

ChildTrust Foundation - Program Grants
Deadline: Rolling
Award Amount/Ceiling: Unspecified Amount
Description: ChildTrust Foundation offers Program Grants for early childhood-focused education organizations serving young children (birth through age 8), their families, and early educators, with program work described as happening in Wake County and across eastern North Carolina (“from Raleigh to the coast”). Eligible applicants are 501(c)3 organizations operating in North Carolina (the foundation typically does not fund individual schools directly) and are aligned with IMC’s non-discrimination policy. There are no application deadlines or fixed grant cycles, grants are awarded on a rolling basis throughout the year. Applicants are asked to start by contacting the foundation to confirm fit, then submit a short proposal with basic financial documentation (budgets, 990, audited financials). LEARN MORE

The Duke Endowment - Health Care Program Grants
Deadline: Pre-application deadline: November 15, 2026, full application deadline (if invited): December 15, 2026.
Award Amount/Ceiling: Unspecified amount
Description: The Duke Endowment Health Care Program Grants are focused on priority organizations in North Carolina and South Carolina, including nonprofit hospitals, academic health centers, Area Health Education Centers, select organizations in counties without an eligible hospital, and nonprofit inpatient facilities. Competitive proposals align with the program’s funding priorities, which include improving access to care for vulnerable populations, advancing maternal and infant health, strengthening mental health services with an emphasis on pediatric care, expanding oral health access, supporting population health, and building the health care workforce. Applicants whose pre-applications align with current priorities may be invited to submit a full application in the same cycle. Pre-applications are set to open 6 weeks before the full application deadline. LEARN MORE

The Duke Endowment - Child & Family Well-Being Grant
Deadline: December 15, 2026
Award Amount/Ceiling: Unspecified amount
Description: The Duke Endowment's Child & Family Well-Being Grant funds projects that adopt and sustain evidence-based or evidence-informed models to prevent or treat child abuse and neglect and enhance well-being. Eligible applicants are accredited organizations and other nonprofit groups in North Carolina and South Carolina serving children, youth, and families affected by abuse, neglect, or imminent risk of maltreatment. Applicants must have two years of audited financial statements, and public schools and startups are not eligible. LEARN MORE

Community Support Grants Program - Amcor Cares
Deadline: Applications are reviewed quarterly.
Award Amount/Ceiling: Over $1,000
Description: Amcor Cares (an Amcor Flexibles North America program) offers Community Support Grants to serve Amcor Flexibles facility communities, including Asheville, NC. Eligible 501(c)(3) organizations and non-profit accredited educational institutions serving Asheville may apply for projects over $1,000. Applications are submitted through the program's online portal and are reviewed quarterly. LEARN MORE

William T. Grant Foundation - Research Grants on Reducing Inequality *NEW!*
Deadline: July 29, 2026
Award Amount/Ceiling: Major Research Grants: $100,000 to $600,000 over 2-3 years, Officers' Research Grants: $25,000–$50,000 over 1-2 years
Description: This program supports tax-exempt organizations in research to build, test, or increase understanding of programs, policies, or practices to reduce inequality in the academic, social, behavioral, or economic outcomes of young people ages 5-25 in the United States. Funding supports studies that examine programs, policies, or practices to reduce inequality along dimensions of race, ethnicity, economic standing, sexual or gender minority status (e.g., LGBTQ+ youth), language minority status, or immigrant origins. Projects may be descriptive studies that describe, explore, or explain how programs, practices, or policies reduce inequality, or intervention studies that provide causal evidence on the effectiveness of programs or policies for reducing inequality. LEARN MORE

Corporate Grants

Brooks Brothers - Request A Donation
Deadline: Rolling. Nonprofits are encouraged to apply at least one month in advance of their event or project.
Award Amount/Ceiling: Unspecified amount
Description: Brooks Brothers' mission is to enhance the lives of those both within and beyond the communities it serves by partnering with select local and national non-profit organizations related to men's, women's, and children's health issues, as well as education and the arts. This donation request opportunity requires applicants to provide information on the organization's work, how the donation will be acknowledged at the event, and the event's fundraising goals. Applicants must attach the organization's letterhead or proof of 501(c)(3) status as a single PDF or Word document. The official request form includes event types such as live auction, silent auction, online auction, raffle/door prize, peer-to-peer fundraising event, and others. LEARN MORE

Toyota Battery Manufacturing North Carolina (TBMNC) - Grant Program
Deadline: October 1, 2026
Award Amount/Ceiling: Unspecified amount
Description: This Toyota facility-based giving opportunity is a strong local fit for nonprofits, state or municipal organizations, and public schools serving Guilford and Randolph counties in North Carolina, where Toyota Battery Manufacturing, North Carolina is located. Toyota's published priorities emphasize long-term, sustainable impact for under-resourced communities, with especially strong signals around STEM/STEAM education, workforce readiness, and student-support strategies that help build the future local talent pipeline. LEARN MORE

Costco Wholesale - Charitable Contribution Grant Applications
Deadline: Rolling
Award Amount/Ceiling: Unspecified Amount
Description: Costco's Grant Applications program is a rolling opportunity for larger, broad-based 501(c)(3) nonprofits working in children, education, and health and human services. Costco advises organizations not to request more than 10% of their program's overall budget. LEARN MORE

Oriental Trading Company - Donation Request Form *NEW!*
Deadline: Rolling
Award Amount/Ceiling: Unspecified amount
Description: Together with its national and community partners, the Oriental Trading Corporate Giving program strives to enhance the enrichment of the lives of children through education, youth programming, healthcare and human services. Oriental Trading Company supports organizations and programs in the following areas: Education, Youth, Healthcare, and Human Services. To be eligible under the Oriental Trading Corporate Giving Program, organizations

must have a current tax-exempt status under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, or be a public school, college or university operated exclusively for public purposes. LEARN MORE

Healthy Communities

Federal Grants

U.S. Department of Agriculture (USDA) Rural Development - Emergency Community Water Assistance Grants
Deadline: Applications are accepted on an ongoing basis from October 1 to September 30
Award Amount/Ceiling: Up to $1,000,000 for water source grants, and up to $150,000 for water transmission line grants.
Description: USDA Rural Development's Emergency Community Water Assistance Grants help eligible communities prepare for, or recover from, an emergency that threatens the availability of safe, reliable drinking water. Eligible applicants include nonprofit organizations, rurally located public bodies, and federally recognized Tribes. Funds may be used for water source projects, including construction of new wells, reservoirs, transmission lines, treatment plants, and other sources of water, as well as water transmission line projects such as waterline extensions, repair of breaks or leaks in existing water distribution lines, and related maintenance necessary to replenish the water supply. Water source grants may be up to $1,000,000; water transmission line grants may be up to $150,000. LEARN MORE

National Institutes of Health (NIH) - NIH Research Project Grant
Deadline: October 05, 2026; February 05, 2027; June 05, 2027; October 05, 2027
Award Amount/Ceiling: No published ceiling; application budgets are not limited but need to reflect the actual needs of the proposed project.
Description: The NIH Research Project Grant supports investigator-driven research projects that fall within the mission of participating NIH Institutes and Centers. This opportunity is open to health-related research (excluding clinical trials) across a wide range of scientific fields, and applicants are encouraged to identify which NIH Institute aligns with their work before applying. Projects can run up to five years with no stated budget cap. Eligible applicants include nonprofits (with or without 501(c)(3) status), higher education institutions, tribal governments, faith- and community-based organizations. LEARN MORE

National Institutes of Health (NIH) - Advancement and Innovation in Measurement of Language Development and Predictors
Deadline: October 05, 2026, February 05, 2027, June 05, 2027
Award Amount/Ceiling: Application budgets are not limited but need to reflect the actual needs of the proposed project.
Description: This NIH funding opportunity supports community-engaged research aimed at developing new, culturally and linguistically responsive tools to better measure children's language development and the environments that support it. The overall goal is to build the number of strengths-focused, culturally and linguistically responsive, and generalizable tools to further our understanding of children's language development and/or impairment, and predictors

thereof. Projects should focus on creating or validating measures of language development and/or the communicative environment, with a strong emphasis on generalizability and relevance to communities that are typically underrepresented in research. A Community Engagement Plan is required with every application, outlining how community partners will be meaningfully involved throughout the research process. Eligible applicants include nonprofits (with or without 501(c)(3) status), higher education institutions, tribal governments, faith- and community-based organizations, and others, with project periods of up to five years and no stated budget cap. LEARN MORE

National Institutes of Health (NIH) - Interventions to Reduce Sleep Health Disparities (R01 - Clinical Trials Optional)
Deadline: October 05, 2026, February 05, 2027, June 05, 2027
Award Amount/Ceiling: Application budgets are not limited, but need to reflect the actual needs of the proposed project.
Description (3–4 sentences): This NIH funding opportunity supports the development and testing of non-pharmacological interventions aimed at improving sleep health, reducing sleep disparities, and addressing sleep as a factor in broader health outcomes among underserved populations in the U.S. Eligible projects should target NIH-designated health disparity populations (such as Black/African American, Native Hawaiian/Pacific Islander, and American Indian/Alaska Native communities) and address behavioral, social, environmental, or structural determinants of sleep health across the lifespan. Funded research may cover a wide range of approaches, including community-based interventions, policy-level strategies like school start time delays, workplace programs, and clinical settings, with projects spanning up to five years. Eligible applicants include nonprofits (with or without 501(c)(3) status), higher education institutions, tribal governments, faith-based and community-based organizations, and others, with no stated budget cap. LEARN MORE

U.S. Department of Agriculture (USDA) - Special Evaluation Assistance for Rural Communities and Households (SEARCH) Grant
Deadline: Applications are accepted year-round on an ongoing basis
Award Amount/Ceiling: Unspecified amount
Description: This USDA program provides predevelopment grant funding to help very small, financially distressed rural communities plan water and waste disposal projects before construction begins. Grants can support feasibility studies, preliminary design and engineering work, and technical assistance needed to prepare an application for future financial assistance. Eligible applicants include state and local governmental entities, nonprofits, and federally recognized tribes serving rural areas with populations of 2,500 or less and median household incomes below the poverty line or below 80% of the statewide non-metropolitan median household income. Applications are accepted year-round through local USDA Rural Development offices. LEARN MORE.

U.S. Department of Agriculture (USDA) - Mutual Self-Help Housing Technical Assistance Grants
Deadline: Applications are accepted year-round
Award Amount/Ceiling: Unspecified amount
Description: This USDA Rural Development program funds organizations that help very-low- and low-income families build their own homes together in eligible rural areas through the mutual self-help housing model. Instead of paying for construction materials or labor, the grant supports the nonprofit's technical and supervisory role, including organizing participating families, guiding the build process, and helping families complete related loan applications. This opportunity may be relevant to rural housing nonprofits in North Carolina that work in affordable homeownership and can manage a hands-on construction support model. LEARN MORE

U.S. Department of Agriculture (USDA) - Community Facilities Direct Loan & Grant Program
Deadline: Applications are accepted year-round on an ongoing basis
Award Amount/Ceiling: Grants may cover up to 75%, 55%, 35%, or 15% of eligible project costs depending on rural population and median household income
Description: This opportunity includes grant funding for essential community facilities in rural areas through the USDA Community Facilities Program. Grants are available to eligible public bodies, community-based nonprofit corporations, and federally recognized tribes for projects such as health care facilities, public safety buildings and equipment, community centers, childcare centers, libraries, and other facilities that provide essential local services. Grant funds may be used to purchase, construct, improve, or equip these facilities and may be awarded alone or combined with loan financing. Grant amounts are determined on a graduated scale based on the community's population size and median household income, with the highest-need small rural communities eligible for up to 75% of eligible project costs. Applications are accepted year-round through the North Carolina USDA Rural Development office. LEARN MORE

National Institutes of Health (NIH) - Dissemination and Implementation Research in Health (R01 Clinical Trial Optional)
Deadline: October 05, 2026, February 05, 2027, June 05, 2027, October 05, 2027
Award Amount/Ceiling: Unspecified amount
Description: NIH's Dissemination and Implementation Research in Health (R01 Clinical Trial Optional) supports studies that identify, develop, or test strategies to overcome barriers to the adoption, adaptation, integration, sustainability, scale-up, spread, or de-implementation of evidence-based interventions in health. Eligible applicants include nonprofits with or without 501(c)(3) status, along with other eligible organization types listed in the NOFO, and applications must fall within the mission of at least one participating NIH Institute or Center. The opportunity supports research in clinical, community, public health, and policy settings, and clinical trials are allowed but not required. Proposed budgets must reflect the actual needs of the project, and the maximum project period is five years. LEARN MORE

National Institutes of Health (NIH) - NIH Small Research Grant Program (Parent R03 Clinical Trial Not Allowed)
Deadline: October 16, 2026, February 16, 2027, June 16, 2027, October 16, 2027
Award Amount/Ceiling: $50,000 per year
Description: NIH's Small Research Grant Program (Parent R03 Clinical Trial Not Allowed) funds small research projects that can be completed in a short period of time with limited resources. Eligible applicants include nonprofits with or without 501(c)(3) status, and applications must fit the mission of at least one participating NIH Institute or Center. Supported projects include pilot and feasibility studies, secondary analysis of existing data, small self-contained research projects, research methodology development, and new research technology development. Clinical trials are not allowed, and project periods may run up to two years. LEARN MORE

National Institutes of Health (NIH) - Dissemination and Implementation Research in Health (R21 Clinical Trial Optional)
Deadline: October 16, 2026, February 16, 2027, June 16, 2027, October 16, 2027
Award Amount/Ceiling: Up to $275,000
Description: NIH's Dissemination and Implementation Research in Health (R21 Clinical Trial Optional) supports studies that identify, develop, or test strategies to overcome barriers to the adoption, adaptation, integration, sustainability, scale-up, and spread of evidence-based interventions. Eligible applicants include nonprofits with or without 501(c)(3) status, along with other eligible organization types listed in the NOFO, and applications must fall within the mission of a participating NIH Institute or Center. The award supports dissemination and implementation research in clinical, community, public health, and policy settings, and clinical trials are allowed but not required. The maximum project period is two years. LEARN MORE

U.S. Department of Agriculture (USDA) Rural Development Program - Emergency Community Water Assistance Grants
Deadline: Applications are accepted year-round on an ongoing basis
Award Amount/Ceiling: Water transmission line grants are available up to $150,000; Water source grants are available up to $1,000,000.
Description: This USDA Rural Development program funds emergency drinking-water projects for small rural communities when safe, reliable water has recently declined or is at imminent risk because of disasters or similar emergencies. It can fund short-term waterline extensions and repairs as well as larger water-source projects like wells, reservoirs, transmission lines, and treatment-related infrastructure. Eligible applicants include state and local governmental entities, nonprofit organizations, and federally recognized Tribes serving rural areas with populations of 10,000 or less and median household incomes below the state's nonmetropolitan median. The application begins by contacting the North Carolina Rural Development State Office. LEARN MORE

U.S. Department of Justice, Office on Violence Against Women - FY 2026 Grants to Improve the Criminal Justice Response to Domestic Violence, Dating Violence, Sexual assault, and Stalking Program (ICJR Program) *NEW!*
Deadline: Complete SF-424 and Submit in Grants.gov: August 18, 2026; Submit full application in JustGrants: August 20, 2026
Award Amount/Ceiling: $500,000 to $1,500,000
Description: The DOJ Office on Violence Against Women's ICJR Program funds collaborative projects to strengthen criminal justice responses to domestic violence, dating violence, sexual assault, and stalking. Eligible applicants include state, local, and Tribal governments and courts, victim service providers, and state and Tribal domestic violence and sexual assault coalitions; nonprofits must be 501(c)(3) organizations. This opportunity requires cross-sector partnerships: government and court applicants must partner with a victim service provider, and victim service providers and coalitions must partner with a government entity, with partnerships documented in a memorandum of understanding. Allowable activities span a wide range, including improving perpetrator accountability, developing coordinated community responses, supporting sexual assault nurse examiner programs, addressing protection order enforcement, and providing legal assistance to victims. LEARN MORE

Foundation Grants

Cleveland-Cliffs Foundation - General Grant Program Under Requesting Support Guidelines
Deadline: LOI due August 31, 2026
Award Amount/Ceiling: Unspecified amount
Description: Cleveland-Cliffs Foundation supports nonprofit projects in communities where Cleveland-Cliffs operates, including Newton, North Carolina. The foundation focuses on projects that enhance educational opportunities, protect and improve the environment, and promote healthy and vibrant communities. This opportunity may be relevant to local programs that build skills and employment pathways, restore land or water, create green spaces, promote healthy lifestyles, or expand services for underserved populations. The process begins with a letter of inquiry, and only invited organizations may submit a full proposal. LEARN MORE

Community Support Grants Program - Amcor Cares
Deadline: Applications are reviewed quarterly.
Award Amount/Ceiling: Over $1,000
Description: Amcor Cares (an Amcor Flexibles North America program) offers Community Support Grants to serve Amcor Flexibles facility communities, including Asheville, NC. Eligible 501(c)(3) organizations and non-profit accredited educational institutions serving Asheville may

apply for projects over $1,000. Applications are submitted through the program's online portal and are reviewed quarterly. LEARN MORE

Mary Reynolds Babcock Foundation - Grants
Deadline: Rolling - organizational summary can be submitted any time of year
Award Amount/Ceiling: Unspecified Amount
Description: The Mary Reynolds Babcock Foundation supports power building to advance racial equity and social and economic justice across an 11-state Southern footprint, including North Carolina. They invite proposals from nonprofits serving the South that have track records of helping people and places move out of poverty and achieve greater social and economic justice. Organizations may use funds for general operating support, project support, "glue" support for networks of grassroots and partner organizations, and organizational development needs. Prospective partners may submit an organizational summary at any point in the year, if work aligns and funding is available, MRBF may invite a full proposal and staff then bring recommendations forward for board approval. LEARN MORE

The Harris & Frances Block Foundation - Grant Proposal
Deadline: December 1, 2026
Award Amount/Ceiling: Up to $35,000
Description: The Harris & Frances Block Foundation supports small, grassroots organizations working toward just and sustainable communities, with priority geographies that include North Carolina. Funding focuses on environmental education and justice, food and farm initiatives. The process begins with a short Letter of Inquiry that can be submitted year-round, selected applicants may be invited to submit a full proposal for fall board review, with a proposal deadline of December 1. LEARN MORE

Golden LEAF Foundation - Open Grants
Deadline: August 20, 2026, October 22, 2026
Award Amount/Ceiling: Up to $500,000
Description: Golden LEAF's Open Grants Program funds economic development projects in North Carolina, with emphasis on tobacco-dependent, economically distressed, and/or rural communities. Eligible applicants are governmental entities and 501(c)(3) nonprofit organizations, and awards in this program are $500,000 or less. The process is a two-stage application: applicants submit a Stage 1 application, and only selected applicants are invited to submit a Stage 2 application for funding consideration. Priority funding areas include Job Creation & Economic Investment, Workforce Preparedness, Agriculture, and Community Competitiveness. Applications are submitted through Golden LEAF's Fluxx grant portal, and submissions are grouped into recurring board-cycle deadlines while still allowing applications throughout the year. LEARN MORE

The Duke Endowment - Health Care Program Grants
Deadline: Pre-application deadline: November 15, 2026, full application deadline (if invited): December 15, 2026.
Award Amount/Ceiling: Unspecified amount
Description: The Duke Endowment Health Care Program Grants are focused on priority organizations in North Carolina and South Carolina, including nonprofit hospitals, academic health centers, Area Health Education Centers, select organizations in counties without an eligible hospital, and nonprofit inpatient facilities. Competitive proposals align with the program's funding priorities, which include improving access to care for vulnerable populations, advancing maternal and infant health, strengthening mental health services with an emphasis on pediatric care, expanding oral health access, supporting population health, and building the health care workforce. Applicants whose pre-applications align with current priorities may be invited to submit a full application in the same cycle. Pre-applications are set to open 6 weeks before the full application deadline. LEARN MORE

Albemarle Foundation - Impact Grants
Deadline: October 31, 2026
Award Amount/Ceiling: Unspecified Amount
Description: Albemarle Foundation Impact Grants provide charitable donations to eligible 501(c)(3) nonprofits (or global equivalents) to support the programming of the requesting organization, with funding decisions made by local Albemarle employees based on community needs. Eligible applicants must align to at least one of Albemarle Foundation's strategic pillars (e.g., Future Ready Workforce, Environmental Sustainability, or Resilient Communities), offer programming within 50 miles of an Albemarle Corporation location (including Charlotte, NC and Kings Mountain, NC), and be able to provide financial statements from the previous year. Impact Grant requests are accepted on a rolling basis from January 1st to October 31st, and applications are reviewed quarterly with decisions communicated via email. Requests are submitted through Albemarle's online platform, which notes a minimum 90-day processing window. LEARN MORE

The J.W. Couch Foundation - Historical Preservation
Deadline: September 25, 2026
Award Amount/Ceiling: Minimum request is $50,000
Description: The J.W. Couch Foundation accepts grant applications for projects that support historical preservation. Eligible applicants must be registered 501(c)(3) nonprofit organizations aligned with one of the foundation's charitable programs. The application indicates a minimum request of $50,000. Organizations interested in other charitable programs or focus areas not currently accepting unsolicited applications may submit a grant letter of inquiry through the foundation's online chat. LEARN MORE

Community Foundation of Henderson County Community - CFHC Community Grants
Deadline: September 1, 2026, December 1, 2026
Award Amount/Ceiling: Unspecified Amount
Description: CFHC's Community Grants support tax-exempt organizations running programs located in Henderson County or providing direct benefit to Henderson County residents. CFHC encourages proposals that demonstrate collaboration, minimize duplication of services, emphasize prevention and early intervention, affect a broad segment of the population and are relevant to community needs. Focus areas include animal care, arts &culture, civic affairs, conservation, health, education, and human services. Applications are accepted quarterly, and awards are normally announced about two months after each cycle deadline. LEARN MORE

The Hearst Foundation - Culture Grant
Deadline: Rolling
Award Amount/Ceiling: Minimum grant size is $100,000
Description: The Hearst Foundations' Culture grant funds cultural institutions that offer meaningful programs in the arts and sciences, with priority for organizations that engage young people and create lasting, measurable impact. Supported organizations include arts schools, ballets, museums, operas, performing arts centers, symphonies, and theaters. Eligible applicants must be U.S.-based 501(c)(3) nonprofit organizations with audited expenses of at least $2 million and leadership that has been in place for at least one year. The program supports program and capital requests and, on a limited basis, general and endowment support. LEARN MORE

Burroughs Wellcome Fund - Climate Change and Human Health Seed Grants
Deadline: July 23, 2026
Award Amount/Ceiling: Up to $50,000
Description: Burroughs Wellcome Fund's Climate Change and Human Health Seed Grants support small, early-stage, transdisciplinary projects that connect climate change and human health across fields such as biomedical science, public health, environmental science, demography, economics, urban planning, healthcare sustainability, crisis preparedness, and climate communication. LEARN MORE

Costco Wholesale - Charitable Contribution Grant Applications
Deadline: Rolling
Award Amount/Ceiling: Unspecified Amount
Description: Costco's Grant Applications program is a rolling opportunity for larger, broad-based 501(c)(3) nonprofits working in children, education, and health and human services. Costco advises organizations not to request more than 10% of their program's overall budget. LEARN MORE

Erie Insurance Giving Network - Funding Requests of $10,000 or More
Deadline: September 11, 2026
Award Amount/Ceiling: Unspecified amount
Description: Erie Insurance's Giving Network provides charitable support to eligible organizations within ERIE's geographic footprint, including 501(c)(3) nonprofits, accredited educational institutions, and municipalities. Funding requests should align with ERIE's three areas of focus: community building, safety, and environmental responsibility. Requests under $10,000 can be submitted at any time, while requests of $10,000+ must be submitted by published deadlines and may take 8 to12 weeks or more to process. LEARN MORE

Piedmont Electric Helping Hand Foundation - Charitable Request
Deadline: Based on board meetings scheduled August 12, 2026, and November 11, 2026
Award Amount/Ceiling: Unspecified amount
Description: The Piedmont Electric Cooperative Helping Hand Foundation accepts charitable donation requests from nonprofit organizations serving communities within Piedmont Electric's service area in North Carolina. The foundation was established by the cooperative to give back to the communities it serves and has supported a variety of local initiatives, including education programs, youth leadership opportunities, community events, and economic development efforts. Requests are submitted through the online Charitable Request Form and reviewed by the Helping Hand Foundation board at quarterly meetings. Applications received after a published deadline are automatically considered at the next meeting cycle, and organizations receiving grants of $5,000 or more must agree to submit an annual report describing how the funds were used. LEARN MORE

Vulcan Foundation - Charitable Projects
Deadline: Rolling
Award Amount/Ceiling: Unspecified amount
Description: The Vulcan Foundation supports community-serving projects in places where Vulcan operates, with published priorities centered on working with schools, supporting environmental stewardship, and encouraging employee involvement. Nonprofits or public-school-serving organizations in a Vulcan community that can show clear local benefit may apply, especially if the proposal touches more than one of those focus areas. Proposals submitted to the Foundation should be sent directly to the charitable contributions officer in the appropriate geographical area. Requests are considered throughout the year. LEARN MORE

Toyota Battery Manufacturing North Carolina (TBMNC) - Grant Program
Deadline: October 1, 2026
Award Amount/Ceiling: Unspecified amount
Description: This Toyota facility-based giving opportunity is a strong local fit for nonprofits, state or municipal organizations, and public schools serving Guilford and Randolph counties in North Carolina, where Toyota Battery Manufacturing, North Carolina is located. Toyota's

published priorities emphasize long-term, sustainable impact for under-resourced communities, with especially strong signals around STEM/STEAM education, workforce readiness, and student-support strategies that help build the future local talent pipeline. LEARN MORE

Z. Smith Reynolds Foundation - State-Level Systemic Change *NEW!*
Deadline: July 30, 2026
Award Amount/Ceiling: No minimum or maximum
Description: The Z. Smith Reynolds Foundation funds North Carolina nonprofits working to change policies, power structures, and root causes of systemic challenges across four issue areas: democracy, environment, public education, and social and economic justice. Most grants are for multiyear general operating support, though project grants are also available, and the foundation gives particular emphasis to organizations serving historically marginalized communities. Eligible applicants must be 501(c)(3) organizations, colleges/universities, religious entities, or government units serving North Carolinians. Most grants range from $30,000 to $100,000 per year for one, two or three years, but grants can be higher or lower than this range. ZSR does not set minimum or maximum funding amounts for applicants. The amount requested should align with the scope of work presented. LEARN MORE

The Community Foundation of the Dan River Region - Competitive Grant Cycle *NEW!*
Deadline: July 31, 2026
Award Amount/Ceiling: Unspecified amount
Description: The Community Foundation awards grants to nonprofit 501(c)(3) organizations and government agencies that improve the lives of people and communities in the Dan River Region, including Caswell County, NC. Organizations that apply for funding from the Competitive Grant Cycle must be either a tax exempt 501(c)(3) organization or a local government organization. LEARN MORE

RHI Legacy Foundation - RHI Legacy Foundation 2026 Grant *NEW!*
Deadline: July 31, 2026
Award Amount/Ceiling: Unspecified amount
Description: The RHI Legacy Foundation funds organizations and initiatives focused on health and wellness in Rutherford County, NC, with 2026 priorities centered on chronic disease, healthy eating, and active living. Proposals should demonstrate measurable benefits for Rutherford County residents and include a sustainability plan for continuing the program beyond the grant period. LEARN MORE

William T. Grant Foundation - Research Grants on Reducing Inequality *NEW!*
Deadline: July 29, 2026
Award Amount/Ceiling: Major Research Grants: $100,000 to $600,000 over 2-3 years, Officers' Research Grants: $25,000–$50,000 over 1-2 years
Description: This program supports tax-exempt organizations in research to build, test, or

increase understanding of programs, policies, or practices to reduce inequality in the academic, social, behavioral, or economic outcomes of young people ages 5-25 in the United States. Funding supports studies that examine programs, policies, or practices to reduce inequality along dimensions of race, ethnicity, economic standing, sexual or gender minority status (e.g., LGBTQ+ youth), language minority status, or immigrant origins. Projects may be descriptive studies that describe, explore, or explain how programs, practices, or policies reduce inequality, or intervention studies that provide causal evidence on the effectiveness of programs or policies for reducing inequality. LEARN MORE

Harold T. Southern Family Foundation - Harold T. Southern Family Foundation Grant *NEW!*
Deadline: July 31, 2026
Award Amount/Ceiling: Unspecified amount
Description: This foundation awards grants to 501(c)(3) nonprofits focused on environmental conservation in Western North Carolina, supporting efforts to protect lands, parks, forests, and waters in the region. Eligible applicants must be primarily located in Western North Carolina. LEARN MORE

AASM Foundation - Community Sleep Health and Public Awareness Grant *NEW!*
Deadline: July 20, 2026
Award Amount/Ceiling: Up to $50,000
Description: The Community Sleep Health and Public Awareness Grant provides funding for a wide range of projects and initiatives dedicated to addressing sleep health needs in local, national, or global communities. The grant will support targeted programs and initiatives that promote healthy sleep and increase accessibility to sleep disorder evaluation and treatments among the communities in which we live, learn, work, and play. The Community Sleep Health and Public Awareness Grant are open to humanitarian, education, or awareness projects that focus on improving sleep health, sleep disorder evaluation and/or treatment in the community. Eligible applicants include Nonprofit, tax-exempt organizations that are tax exempt under US Internal Revenue Code Section 501(c)(3), individuals, and for-profit organizations collaborating with an eligible nonprofit. LEARN MORE

American Psychological Foundation - Direct Action Visionary Grants *NEW!*
Deadline: Rolling; LOIs evaluated after July 31, 2026 and October 30, 2026.
Award Amount/Ceiling: Up to $60,000
Description: The APF Direct Action Visionary Grants seek to fund innovative interventions, based on psychological knowledge, that directly address pressing needs of communities. APF is particularly interested in supporting communities and populations dealing with prejudice, bias, intolerance, and all forms of bigotry, including racism, antisemitism, homophobia, and misogyny. Projects should support APF's four Visionary Priorities: Serve Marginalized Communities, End Prejudice & Stigma, Prevent Violence, and Explore Mind-Body Health Connections. Project applicants may be individuals or organizations and are not required to be psychologists or

mental health professionals, but an expert in the relevant evidence-based psychological intervention or resource used for the project must be centrally involved throughout the funding timeline. APF accepts LOIs year-round and evaluates them quarterly with upcoming deadlines including July 31, 2026, and October 30, 2026. LEARN MORE

Corporate Grants

Ferguson Cares - Grant
Deadline: Rolling-basis
Award Amount/ceiling: Unspecified amount
Description: Ferguson Cares provides grant support to 501(c)(3) nonprofit organizations that serve U.S. communities within the company's geographic footprint. As part of Ferguson's broader sustainability strategy, this program focuses on four key pillars: Affordable Housing, Skilled Trades Workforce Development, Clean Water and Sanitation Access, and initiatives that enhance local economic wellbeing in Ferguson's hometown. The grant program supports impactful partnerships that address social challenges and build long-term community resilience. LEARN MORE

J.B. Hunt - Company Giving
Deadline: December 31, 2026
Award Amount/Ceiling: Unspecified amount
Description: J.B. Hunt, as part of its giving strategy, provides financial support for projects across four pillars: health care, veterans' support, education, and crisis management. The Company's Giving Eligibility page lists eligible organizations as 501(c)(3) organizations, schools, religious organizations, government agencies, and civic, youth, and veterans' groups. J.B. Hunt gives both nationally and locally. All requests and proposals for funding are accepted in the month of December for consideration in the following calendar year. LEARN MORE

Albemarle Foundation - Impact Grants
Deadline: Rolling, till October 31, 2026
Award Amount/Ceiling: Unspecified amount
Description: The Albemarle Foundation provides Impact Grants as charitable donations to eligible 501(c)(3) nonprofit organizations, NGOs, or the global equivalent, to support programming of the requesting organization. Funding decisions are made by local Albemarle employees and are based on the community's needs. Grant requests must align with at least one of Albemarle Foundation's strategic pillars, and recipient organizations must offer programming within 50 miles of an Albemarle Corporation location, be a permanent tax-exempt 501(c)(3) U.S. organization or non-U.S. equivalent and be able to provide financial statements from the previous year. LEARN MORE

BioMarin - Grants
Deadline: Rolling on or before, November 1, 2026
Award Amount/Ceiling: Unspecified amount
Description: BioMarin provides funding for a variety of events, activities, and projects that benefit patients, the scientific or medical community, and/or public health in areas of interest to BioMarin. Eligible organization types include accredited providers, medical or professional associations, hospitals or community health centers, patient associations or advocacy groups, medical education companies, universities or colleges, community projects or groups, and registered charities. Funding requests are accepted for review all year, but requests requiring funding prior to year-end must be submitted on or before November 1. LEARN MORE

Brooks Brothers - Request A Donation
Deadline: Rolling. Nonprofits are encouraged to apply at least one month in advance of their event or project.
Award Amount/Ceiling: Unspecified amount
Description: Brooks Brothers' mission is to enhance the lives of those both within and beyond the communities it serves by partnering with select local and national non-profit organizations related to men's, women's, and children's health issues, as well as education and the arts. This donation request opportunity requires applicants to provide information on the organization's work, how the donation will be acknowledged at the event, and the event's fundraising goals. Applicants must attach the organization's letterhead or proof of 501(c)(3) status as a single PDF or Word document. The official request form includes event types such as live auction, silent auction, online auction, raffle/door prize, peer-to-peer fundraising event, and others. LEARN MORE

Enbridge Gas - Giving Program *NEW!*
Deadline: November 15, 2026
Award Amount/Ceiling: Unspecified amount
Description: Enbridge Gas directs community investments to communities that fall within its service areas including Enbridge Gas North Carolina. The program is guided by three focus areas: safe communities, vibrant communities, and sustainable communities. Enbridge Gas considers opportunities that are important to the local community, benefit the greatest number of people, support the community's long-term interests, and align with one of its core focus areas. Organizations must apply through Enbridge Gas' Benevity application. Before applying, organizations should ensure they are registered with Benevity and have Electronic Funds Transfer (EFT) set up as a disbursement option. LEARN MORE

Oriental Trading Company - Donation Request Form *NEW!*
Deadline: Rolling
Award Amount/Ceiling: Unspecified amount
Description: Together with its national and community partners, the Oriental Trading Corporate Giving program strives to enhance the enrichment of the lives of children through education, youth programming, healthcare and human services. Oriental Trading Company supports organizations and programs in the following areas: Education, Youth, Healthcare, and Human Services. To be eligible under the Oriental Trading Corporate Giving Program, organizations must have a current tax-exempt status under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, or be a public school, college or university operated exclusively for public purposes. LEARN MORE

Piedmont Electric Cooperative - Helping Hand Foundation Charitable Request Form NEW!
Deadline: Rolling; July 31, 2026 and Oct. 31, 2026
Award Amount/Ceiling: Unspecified amount
Description: Piedmont Electric Cooperative established the Helping Hand Foundation as a way to give back to the communities in which they live and serve. The foundation aims to help individuals in need with energy assistance while also supporting local nonprofits, scholarships for students, grants for teachers and other projects. Organizations must operate within the foundation's service areas and have beneficiaries that reside within Alamance, Caswell, Durham, Granville, Orange or Person counties. Prohibited funding purposes include religious activities, lobbying or political activity, fraternal or labor organization, fundraising efforts, national fund drives, or advertising. LEARN MORE

Local Government Grants

Dare County Tourism Board / Outer Banks Visitors Bureau - Tourism Impact Grant
Deadline: September 1, 2026 to September 30, 2026
Award Amount/Ceiling: No fixed cap. Match requirements are based on the awarded amount: below $50,000, no match required; $50,000–$125,000, at least 25% match required from applicant; over $125,000, at least 50% match required from applicant.
Description: The Tourism Impact Grant financially assists Dare County governmental units and other non-profit organizations with programs or services needed due to the impact of tourism on the County. Eligible applicants are Dare County Local Governments or nonprofit entities with principal place of business in Dare County, and projects must be located in Dare County. Complete applications must be submitted between September 1 and September 30, and match requirements are based on the awarded amount. LEARN MORE

Dare County Tourism Board / Outer Banks Visitors Bureau - Long Term Unappropriated Fund Grant
Deadline: Yearly on August 1st–15th and February 1st –15th
Award Amount/Ceiling: Up to $500,000
Description: The Dare County Tourism Board offers reimbursement-based grants to Dare County nonprofits and local government units to address unplanned, extraordinary, and nonrecurring needs arising from the impact of tourism on the county. Applicants must be a Dare County Local Government or a non-profit entity with its principal place of business in Dare County. Additionally, projects must be located in Dare County. LEARN MORE

Dare County Tourism Board / Outer Banks Visitors Bureau - Event Grant
Deadline: August 1 to August 15
Award Amount/Ceiling: Up to $50,000
Description: The Event Grant supports Dare County-based nonprofit and governmental organizations in creating and hosting events such as concerts, fairs and festivals, and sporting competitions that encourage overnight visitation to Dare County's Outer Banks during the off-peak season. The applying organization and planned event must be located in Dare County. Additionally, the event must take place between September 7 and June 15. Maximum grant awards are based on the number of out-of-market visitors, including up to $50,000 for events attracting more than 3,000 out-of-market visitors. Applications must be received no less than four months before the start of the project. LEARN MORE

Jackson County Tourism Development Authority - Grants
Deadline: Ongoing
Award Amount/Ceiling: Unspecified amount
Description: The Jackson County Tourism Development Authority offers grants for initiatives that generate overnight guests, increase tourism, and enhance the visitor experience in Jackson

County. Eligible applicants include community groups, nonprofits, for-profit entities, municipalities, and government organizations. Projects must occur within Jackson County or as a partnership with neighboring counties and must show how they will increase tourism and visitation. Applications must include a detailed budget, and grant funds cannot be used for existing debt or to promote a specific accommodation. LEARN MORE

State Government Grants

N.C. Department of Environmental Quality - Multifamily Recycling Grant
Deadline: Rolling, no deadline
Award Amount/Ceiling: Up to $71,500 per project
Description: The Multifamily Recycling Grant program assists with the implementation, expansion, and improvement of multifamily recycling programs in North Carolina and funds projects that help build lasting capacity to recycle traditional household materials from multifamily residences. Eligible applicants include local governments, colleges and universities for off-campus housing, public housing authorities, multifamily property owners or management companies, and recycling businesses or nonprofits that collect and/or haul recyclables from multifamily properties. The maximum amount of grant funding available per project is $71,500, with no minimum funding requirement; a cash match is required at 10 percent for local governments, colleges and universities, and public housing authorities, and 20 percent for recycling businesses, nonprofits, property owners, and property managers. Grant funds may be used for equipment such as carts, dumpsters, collection vehicles, concrete pads, recycling corrals, and education, as well as positions or labor to manage or implement multifamily programs, but funds may not be used for operational costs such as overhead or recycling collection or processing fees; projects must create new access and/or new recovered tonnage and include an education component. LEARN MORE

N.C. Department of Natural and Cultural Resources - Land and Water Conservation Fund
Deadline: November 2, 2026
Award Amount/Ceiling: Up to $750,000
Description: The Land and Water Conservation Fund awards matching grants to local governments to assist with acquisition, development, renovation, or combination projects for outdoor public recreation. Eligible applicants are North Carolina counties, incorporated municipalities, and federally recognized Native American tribes. LWCF grants can be used for acquisition, development, renovation, and combination projects for outdoor public recreation, and a project must be located on a single site. Applicants may request a maximum grant of $750,000 with each application and must provide at least a 50 percent match. Applicants must own the park property, and property acquired or developed with LWCF assistance must be used for public outdoor recreation use in perpetuity. LEARN MORE

North Carolina Trails Program / N.C. Division of Parks and Recreation - Recreational Trails Program Grant
Deadline: September 4, 2026
Award Amount/Ceiling: Up to $100,000. Minimum of $10,000.
Description: The Recreational Trails Program Grant provides federal grants for trail creation and maintenance through the North Carolina Trails Program. Grants are available to governmental agencies and nonprofit organizations, and the program values trail projects that are legal, safe, managed, and provide connectivity, reasonable public access, and parking. Eligible uses include new trail and greenway construction, trail or greenway renovation, approved trail or greenway facilities and trailhead or trail markers, purchase of tools to construct or renovate trails, land acquisition for trail purposes, planning/legal/environmental/permitting costs up to 10% of the grant amount, or a combination of eligible uses. The program is a reimbursement and matching grant program, with a $10,000 minimum, $100,000 maximum, and 25% match requirement for RTP funds received. LEARN MORE

N.C. Department of Environmental Quality, Division of Water Resources - Guidelines: Natural Resources Conservation Service's Environmental Quality Incentives Program (NRCS-EQIP)
Deadline: July 31, 2026
Award Amount/Ceiling: Unspecified amount
Description: The DWR is authorized to provide grants to local governments for stream restoration projects cost-shared as part of the Natural Resources Conservation Service's Environmental Quality Incentives Program. Eligible applicants are units of local government and local political subdivisions; non-governmental organizations may participate only as co-applicants partnering with a local government applicant. Stream restoration projects approved for NRCS-EQIP funding by the U.S. Department of Agriculture are eligible for state financial assistance, and a single project consists of all landowners and participants under a single NRCS-approved project contract along a contiguous stretch of stream. Eligible stream practices are those listed in the most recent EQIP/RCPP Guidelines for Natural Stream Channel Work; projects for maintenance or repairs, existing permit requirements or regulatory enforcement actions, nutrient-credit generation, NRCS small watershed projects, compensatory mitigation credits, and most stream debris removal are not eligible. The DWR can provide up to a maximum 1:1 cost-share based on the federal cost estimate of eligible stream restoration practices, and the current spring 2026 application cycle has been extended to July 31, 2026. LEARN MORE

NC Department of Environmental Quality - Water Resources Development Grant Program
Deadline: June 30, 2027
Award Amount/Ceiling: Up to $200,000, or $50,000 for engineering/feasibility studies; larger

awards may be granted case-by-case; requires a 50% match
Description: This statewide NC DEQ program provides cost-share grants to local governments for stream restoration, water management, water-based recreation sites, and preliminary feasibility or engineering studies tied to those purposes. This opportunity may be relevant to municipalities, regional councils of government, and other local political subdivisions that can bring at least a 50% match, complete a required pre-application consultation, and manage a competitive project with maps, resolutions, and detailed budget documentation. Nonprofits, universities, consultants, and watershed associations can help administer projects, but they cannot be the direct applicant unless they are working on behalf of an eligible local government. LEARN MORE

The CO2 Foundation - Reducing the Threats of Extreme Weather Events
Deadline: Rolling
Award Amount/Ceiling: Up to 100,000; the foundation is open to considering projects outside this range
Description: This opportunity supports nonprofit projects that reduce extreme weather threats or prepare communities for the impacts of a rapidly changing climate system. This opportunity may be relevant to 501(c)(3) organizations, or projects with fiscal sponsorship, that are ready to launch a clearly defined conference, research effort, communications project, or pilot implementation activity. The foundation emphasizes projects that bridge scientific insights and diverse community perspectives, share both process and outcomes, and explore how ideas and practices can generate solutions, action, and change across different contexts. LOIs are reviewed on a rolling basis. LEARN MORE

North Carolina Department of Environmental Quality, Division of Water Infrastructure - Emerging Contaminants Study Projects
Deadline: August 1, 2026, November 2, 2026
Award Amount/Ceiling: $500,000
Description: The North Carolina Department of Environmental Quality's Division of Water Infrastructure is offering Emerging Contaminants funding, available to local government units, non-profit water corporations and investor-owned drinking water companies for planning or construction projects addressing Per- and Polyfluoroalkyl Substances (PFAS) in water or wastewater systems. DEQ is utilizing federal funding to help public water systems address PFAS in advance of the EPA's proposed National Drinking Water Regulation. Eligible applicants are local government units and non-profit water or wastewater corporations that provide water or wastewater service, investor-owned drinking water utilities regulated by the Utilities Commission are also eligible for the Drinking Water State Revolving Fund, and publicly-owned landfills are eligible for the Clean Water State Revolving Fund - Emerging Containments funding. LEARN MORE

North Carolina Land and Water Fund - Donation Mini-Grant Program
Deadline: August 15, 2026
Award Amount/Ceiling: Up to $50,000
Description: The NCLWF Donation Mini-Grant program helps eligible NC agencies, local governments, and conservation-focused nonprofits cover transaction, property management, and stewardship costs tied to donated land in a fee simple or a permanent conservation agreement. The program provides up to $50,000 and requires that all project acres be permanently restricted to protect natural or cultural resources. Eligible donations must protect water quality, ecological habitats, military installation buffers, or historically/culturally significant properties. LEARN MORE

North Carolina Trails Program - Recreational Trails Program (RTP) Grant
Deadline: September 4, 2026
Award Amount/Ceiling: $10,000 to $100,000
Description: The North Carolina Trails Program administers the federal Recreational Trails Program (RTP) grant to support trail creation and maintenance projects statewide. Eligible applicants include government agencies and qualified nonprofit organizations. The Trails Program staff are ready, willing and available to assist in all phases of the application process of projects that are construction ready for grant funding. These sustainable, "shovel-ready" projects leverage local funds to meet recreational trail and trail needs, in an effort to provide low infrastructure economic development opportunities through natural resource tourism. There is a 25% match requirement for RTP funds received, and the program reimburses approved costs after deliverables are completed. LEARN MORE

North Carolina Department of Commerce - Rural Reuse & Development Fund (Building Reuse & Rural Infrastructure Programs)
Deadline: August 20, 2026, October 22, 2026, January 7, 2027, February 22, 2027, April 29, 2027
Award Amount/Ceiling: Unspecified amount
Description: The NC Department of Commerce’s Rural Engagement & Investment unit administers the Rural Reuse & Development Programs, including the Rural Building Reuse and Rural Infrastructure programs, which support local-government-led economic development projects that result in the direct creation of new, full-time, private-sector jobs. The Building Reuse Program supports the renovation or upfit of vacant buildings, renovation or expansion of existing business buildings, and renovation, expansion, or construction of certain rural health care facilities. The Rural Infrastructure Program supports publicly owned infrastructure improvements such as drinking water or wastewater treatment plants, public water or sewer lines, publicly owned natural gas lines, access roads not funded or owned by NCDOT, and public rail spur improvements. Building Reuse requires a dollar-for-dollar cash match and awards may not exceed one-half of renovation or construction costs, while Rural Infrastructure requires a 5% local cash match. LEARN MORE

North Carolina Department of Environmental Quality, Division of Waste Management - Helene Debris Recovery Disposal Grant *NEW!*
Deadline: September 14, 2026
Award Amount/Ceiling: Up to $3,000,000
Description: NC DEQ's Helene Debris Recovery Disposal Grant supports Western North Carolina communities with remaining Hurricane Helene solid waste disaster debris cleanup and removal projects that are not covered by FEMA or other funding sources. Eligible applicants include local governments and NGOs in FEMA-declared disaster counties. Grant funds may support eligible non-hazardous debris collection, storage, reduction, management, and final disposal activities. Proposal review is rolling through September 14, 2026. LEARN MORE

Healthy Food

Federal Grants

U.S. Department of Agriculture (USDA) - Community Facilities Direct Loan & Grant Program
Deadline: Applications are accepted year-round on an ongoing basis
Award Amount/Ceiling: Grants may cover up to 75%, 55%, 35%, or 15% of eligible project costs depending on rural population and median household income
Description: This opportunity includes grant funding for essential community facilities in rural areas through the USDA Community Facilities Program. Grants are available to eligible public bodies, community-based nonprofit corporations, and federally recognized tribes for projects such as health care facilities, public safety buildings and equipment, community centers, childcare centers, libraries, and other facilities that provide essential local services. Grant funds may be used to purchase, construct, improve, or equip these facilities and may be awarded alone or combined with loan financing. Grant amounts are determined on a graduated scale based on the community's population size and median household income, with the highest-need small rural communities eligible for up to 75% of eligible project costs. Applications are accepted year-round through the North Carolina USDA Rural Development office. LEARN MORE

Foundation Grants

The Harris & Frances Block Foundation - Grant Proposal
Deadline: December 1, 2026
Award Amount/Ceiling: Up to $35,000
Description: The Harris & Frances Block Foundation supports small, grassroots organizations working toward just and sustainable communities, with priority geographies that include North Carolina. Funding focuses on environmental education and justice, food and farm initiatives. The process begins with a short Letter of Inquiry that can be submitted year-round, selected applicants may be invited to submit a full proposal for spring or fall board review. LEARN MORE

Albemarle Foundation - Impact Grants
Deadline: October 31, 2026
Award Amount/Ceiling: Unspecified Amount
Description: Albemarle Foundation Impact Grants provide charitable donations to eligible 501(c)(3) nonprofits (or global equivalents) to support the programming of the requesting organization, with funding decisions made by local Albemarle employees based on community needs. Eligible applicants must align to at least one of Albemarle Foundation's strategic pillars (e.g., Future Ready Workforce, Environmental Sustainability, or Resilient Communities), offer programming within 50 miles of an Albemarle Corporation location (including Charlotte, NC and

Kings Mountain, NC), and be able to provide financial statements from the previous year. Impact Grant requests are accepted on a rolling basis from January 1st to October 31st, and applications are reviewed quarterly with decisions communicated via email. Requests are submitted through Albemarle's online platform, which notes a minimum 90-day processing window. LEARN MORE

Community Support Grants Program - Amcor Cares
Deadline: Applications are reviewed quarterly.
Award Amount/Ceiling: Over $1,000
Description: Amcor Cares (an Amcor Flexibles North America program) offers Community Support Grants to serve Amcor Flexibles facility communities, including Asheville, NC. Eligible 501(c)(3) organizations and non-profit accredited educational institutions serving Asheville may apply for projects over $1,000. Applications are submitted through the program's online portal and are reviewed quarterly. LEARN MORE

RHI Legacy Foundation - RHI Legacy Foundation 2026 Grant *NEW!*
Deadline: July 31, 2026
Award Amount/Ceiling: Unspecified amount
Description: The RHI Legacy Foundation funds organizations and initiatives focused on health and wellness in Rutherford County, NC, with 2026 priorities centered on chronic disease, healthy eating, and active living. Proposals should demonstrate measurable benefits for Rutherford County residents and include a sustainability plan for continuing the program beyond the grant period. LEARN MORE

Corporate Grants

Albemarle Foundation - Impact Grants
Deadline: Rolling, till October 31, 2026
Award Amount/Ceiling: Unspecified amount
Description: The Albemarle Foundation provides Impact Grants as charitable donations to eligible 501(c)(3) nonprofit organizations, NGOs, or the global equivalent, to support programming of the requesting organization. Funding decisions are made by local Albemarle employees and are based on the community's needs. Grant requests must align with at least one of Albemarle Foundation's strategic pillars, and recipient organizations must offer programming within 50 miles of an Albemarle Corporation location, be a permanent tax-exempt 501(c)(3) U.S. organization or non-U.S. equivalent and be able to provide financial statements from the previous year. LEARN MORE

Housing

Federal Grants

U.S. Department of Agriculture - Mutual Self-Help Housing Technical Assistance Grants
Deadline: Applications are accepted year-round on an ongoing basis
Award Amount/Ceiling: Unspecified amount
Description: The USDA Rural Development Mutual Self-Help Housing Technical Assistance Grant program provides funding to nonprofits, government organizations, and federally recognized Tribes to oversee local self-help housing construction in rural areas. Grant recipients guide groups of very-low- and low-income families as they work together to build each other's homes, with participating families providing the majority of the construction labor themselves. Funds can be used for technical and supervisory assistance, family recruitment, and loan application support. Applications are accepted year-round through USDA Rural Development's local offices, and eligible rural areas can be verified using the USDA Eligibility Site. LEARN MORE

U.S. Department of Agriculture (USDA) - Mutual Self-Help Housing Technical Assistance Grants
Deadline: Applications are accepted year-round
Award Amount/Ceiling: Unspecified amount
Description: This USDA Rural Development program funds organizations that help very-low- and low-income families build their own homes together in eligible rural areas through the mutual self-help housing model. Instead of paying for construction materials or labor, the grant supports the nonprofit's technical and supervisory role, including organizing participating families, guiding the build process, and helping families complete related loan applications. This is a strong fit for experienced rural housing nonprofits in North Carolina that already work in affordable homeownership and can manage an intensive hands-on construction support model. LEARN MORE

U.S. Department of Housing and Urban Development - FY26 Pathways to Removing Obstacles to Housing (PRO Housing) ***NEW!***
Deadline: August 3, 2026
Award Amount/Ceiling: $5 million to $10 million
Description: The Pathways to Removing Obstacles to Housing (PRO Housing) program provides competitive awards to state governments, county governments, city or township governments, metropolitan planning organizations (MPOs), and multijurisdictional entities to help communities reduce regulatory barriers to affordable housing production and preservation, and increase housing affordability. PRO Housing funds may be used for development activities, infrastructure activities directly related to new housing development, housing preservation activities, and planning supporting affordable housing. LEARN MORE

Foundation Grants

RedRover - Safe Housing Grants for Domestic Violence and Animal Organizations
Deadline: September 1, 2026
Award Amount/Ceiling: Up to $60,000
Description: RedRover's Safe Housing grants support nonprofit domestic violence and animal organizations that want to help survivors escape abuse with their pets by building or renovating pet-friendly spaces, creating foster or boarding programs, covering routine or emergency veterinary care, and helping with pet deposits. Applicants must be established organizations and must apply with a required partner organization from the domestic violence or animal sector and demonstrate they can launch pet-safe housing services within 12 months. LEARN MORE

Community Support Grants Program - Amcor Cares
Deadline: Applications are reviewed quarterly.
Award Amount/Ceiling: Over $1,000
Description: Amcor Cares (an Amcor Flexibles North America program) offers Community Support Grants to serve Amcor Flexibles facility communities, including Asheville, NC. Eligible 501(c)(3) organizations and non-profit accredited educational institutions serving Asheville may apply for projects over $1,000. Applications are submitted through the program's online portal and are reviewed quarterly. LEARN MORE

DAV Charitable Service Trust - DAV Charitable Service Trust Grant *NEW!*
Deadline: Rolling; July 31st, 2026, October 30, 2026
Award Amount/Ceiling: Unspecified amount
Description: DAV (Disabled American Veterans) Charitable Service Trust is dedicated to empowering veterans to lead high-quality lives with respect and dignity. The grant program supports not-for-profit organizations that fulfill a need or array of needs for sick, wounded, homeless, or at-risk United States veterans and their families. All applicants must be operational and recognized by the Internal Revenue Service (IRS) as tax-exempt. Application cycles will open and close yearly on the first and last business days of January, April, July, and October. LEARN MORE

Corporate Grants

Ferguson Cares - Grant
Deadline: Rolling-basis
Award Amount/ceiling: Unspecified amount
Description: Ferguson Cares provides grant support to 501(c)(3) nonprofit organizations that serve U.S. communities within the company's geographic footprint. As part of Ferguson's broader sustainability strategy, this program focuses on four key pillars: Affordable Housing,

Skilled Trades Workforce Development, Clean Water and Sanitation Access, and initiatives that enhance local economic wellbeing in Ferguson's hometown. The grant program supports impactful partnerships that address social challenges and build long-term community resilience. LEARN MORE

Local Government Grants

City of Raleigh - Rental Development Program
Deadline: August 14, 2026
Award Amount/Ceiling: City anticipates $8,000,000 to $10,000,000 total available to award
Description: The City of Raleigh's Housing and Community Development Department offers Rental Development Program gap financing to help create and preserve affordable multifamily rental housing in Raleigh by filling remaining financing gaps in LIHTC and other affordable deals. The program is designed to leverage other major funding sources (such as tax credits and private lending) and secure long-term affordability in projects the City helps fund. Assisted units must be affordable to households earning 80% or less of Area Median Income (AMI). Eligible applicants include for-profit and nonprofit developers or sponsors proposing new construction and/or rehabilitation of affordable multifamily rental housing within Raleigh (or annexing into Raleigh, with annexation completed before City recommendations). Applications are submitted through the City's Neighborly portal and require a mandatory pre-meeting before submission. LEARN MORE

State Government Grants

N.C. Department of Environmental Quality - Multifamily Recycling Grant
Deadline: Rolling, no deadline
Award Amount/Ceiling: Up to $71,500 per project
Description: The Multifamily Recycling Grant program assists with the implementation, expansion, and improvement of multifamily recycling programs in North Carolina and funds projects that help build lasting capacity to recycle traditional household materials from multifamily residences. Eligible applicants include local governments, colleges and universities for off-campus housing, public housing authorities, multifamily property owners or management companies, and recycling businesses or nonprofits that collect and/or haul recyclables from multifamily properties. The maximum amount of grant funding available per project is $71,500, with no minimum funding requirement; a cash match is required at 10 percent for local governments, colleges and universities, and public housing authorities, and 20 percent for recycling businesses, nonprofits, property owners, and property managers. Grant funds may be used for equipment such as carts, dumpsters, collection vehicles, concrete pads, recycling corrals, and education, as well as positions or labor to manage or implement multifamily programs, but funds may not be used for operational costs such as overhead or recycling

collection or processing fees; projects must create new access and/or new recovered tonnage and include an education component. LEARN MORE

North Carolina Rural Infrastructure Authority - Rural Demolition Program
Deadline: August 20, 2026
Award Amount/Ceiling: Up to $75,000 for buildings 100,000 square feet or less, up to $150,000 for buildings over 100,000 square feet, and no more than $12,500 per projected job to be created on the rehabilitated site.
Description: The North Carolina Rural Infrastructure Authority – Rural Demolition Program provides grants to units of local government located in Tier 1 or Tier 2 counties, or within a rural census tract in a Tier 3 county of North Carolina to demolish blighted, publicly owned buildings for future economic development use. Eligible projects must involve buildings that have been vacant for at least three years, include a minimum 25% local cash match, and demonstrate a reasonable expectation of private-sector investment and job creation after redevelopment. Applicants must own the property proposed for demolition. LEARN MORE

Mental Health

Federal Grants

National Institutes of Health (NIH) - Mentored Clinical Scientist Research Career Development Award (Parent K08 – Independent Clinical Trial Not Allowed)
Deadline: October 12, 2026, February 12, 2027
Award Amount/Ceiling: Unspecified amount
Description: NIH's Mentored Clinical Scientist Research Career Development Award (Parent K08 – Independent Clinical Trial Not Allowed) provides protected time for intensive, supervised research career development for individuals with clinical doctoral degrees. Eligible sponsoring organizations include nonprofits with or without 501(c)(3) status, and the candidate must have a clinical doctoral degree, hold a full-time appointment at the academic institution by the time of award, and commit at least 75% of full-time professional effort to the career development program. The award supports mentored research in biomedical, behavioral, and translational research, and applicants may not propose leading an independent clinical trial under this NOFO, though mentored experience in a clinical trial led by a mentor or co-mentor is allowed. The maximum project period is five years. LEARN MORE

National Institutes of Health (NIH) - Dissemination and Implementation Research in Health (R01 Clinical Trial Optional)
Deadline: October 05, 2026, February 05, 2027, June 05, 2027, October 05, 2027
Award Amount/Ceiling: Unspecified amount
Description: NIH's Dissemination and Implementation Research in Health (R01 Clinical Trial Optional) supports studies that identify, develop, or test strategies to overcome barriers to the adoption, adaptation, integration, sustainability, scale-up, spread, or de-implementation of evidence-based interventions in health. Eligible applicants include nonprofits with or without 501(c)(3) status, along with other eligible organization types listed in the NOFO, and applications must fall within the mission of at least one participating NIH Institute or Center. The opportunity supports research in clinical, community, public health, and policy settings, and clinical trials are allowed but not required. Proposed budgets must reflect the actual needs of the project, and the maximum project period is five years. LEARN MORE

National Institutes of Health (NIH) - Dissemination and Implementation Research in Health (R21 Clinical Trial Optional)
Deadline: October 16, 2026, February 16, 2027, June 16, 2027, October 16, 2027
Award Amount/Ceiling: Up to $275,000
Description: NIH's Dissemination and Implementation Research in Health (R21 Clinical Trial Optional) supports studies that identify, develop, or test strategies to overcome barriers to the adoption, adaptation, integration, sustainability, scale-up, and spread of evidence-based interventions. Eligible applicants include nonprofits with or without 501(c)(3) status, along with

other eligible organization types listed in the NOFO, and applications must fall within the mission of a participating NIH Institute or Center. The award supports dissemination and implementation research in clinical, community, public health, and policy settings, and clinical trials are allowed but not required. The maximum project period is two years. LEARN MORE

U.S. Department of Justice, Office on Violence Against Women - FY 2026 Grants to Improve the Criminal Justice Response to Domestic Violence, Dating Violence, Sexual assault, and Stalking Program (ICJR Program) *NEW!*
Deadline: Complete SF-424 and Submit in Grants.gov: August 18, 2026; Submit full application in JustGrants: August 20, 2026
Award Amount/Ceiling: $500,000 to $1,500,000
Description: The DOJ Office on Violence Against Women's ICJR Program funds collaborative projects to strengthen criminal justice responses to domestic violence, dating violence, sexual assault, and stalking. Eligible applicants include state, local, and Tribal governments and courts, victim service providers, and state and Tribal domestic violence and sexual assault coalitions; nonprofits must be 501(c)(3) organizations. This opportunity requires cross-sector partnerships: government and court applicants must partner with a victim service provider, and victim service providers and coalitions must partner with a government entity, with partnerships documented in a memorandum of understanding. Allowable activities span a wide range, including improving perpetrator accountability, developing coordinated community responses, supporting sexual assault nurse examiner programs, addressing protection order enforcement, and providing legal assistance to victims. LEARN MORE

National Institutes of Health; Eunice Kennedy Shriver National Institute of Child Health and Human Development - Novel Experiential Technologies Assisting Individual Learning (NExT AI) Hubs *NEW!*
Deadline: October 2, 2026
Award Amount/Ceiling: Up to $390,000 in direct costs per year
Description: The Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD) invites exploratory research grant applications from universities, nonprofits, and other eligible organizations to study how AI technologies affect learning and development in children ages birth to 18 who have or are at risk for specific learning disabilities (SLDs) in reading, writing, and mathematics. Each funded "Hub" must include a Research Project and a Leadership Core, with an emphasis on transdisciplinary collaboration, early career researcher development, and community-engaged research. LEARN MORE

Foundation Grants

The Duke Endowment - Health Care Program Grants
Deadline: Pre-application deadlines: November 15, 2026, full application deadline (if invited): December 15, 2026.
Award Amount/Ceiling: Unspecified amount
Description: The Duke Endowment Health Care Program Grants are focused on priority organizations in North Carolina and South Carolina, including nonprofit hospitals, academic health centers, Area Health Education Centers, select organizations in counties without an eligible hospital, and nonprofit inpatient facilities. Competitive proposals align with the program's funding priorities, which include improving access to care for vulnerable populations, advancing maternal and infant health, strengthening mental health services with an emphasis on pediatric care, expanding oral health access, supporting population health, and building the health care workforce. Applicants whose pre-applications align with current priorities may be invited to submit a full application in the same cycle. Pre-applications are set to open 6 weeks before the full application deadline. LEARN MORE

The Duke Endowment - Child & Family Well-Being Grant
Deadline: December 15, 2026
Award Amount/Ceiling: Unspecified amount
Description: The Duke Endowment's Child & Family Well-Being Grant funds projects that adopt and sustain evidence-based or evidence-informed models to prevent or treat child abuse and neglect and enhance well-being. Eligible applicants are accredited organizations and other nonprofit groups in North Carolina and South Carolina serving children, youth, and families affected by abuse, neglect, or imminent risk of maltreatment. Applicants must have two years of audited financial statements, and public schools and startups are not eligible. LEARN MORE

Community Support Grants Program - Amcor Cares
Deadline: Applications are reviewed quarterly.
Award Amount/Ceiling: Over $1,000
Description: Amcor Cares (an Amcor Flexibles North America program) offers Community Support Grants to serve Amcor Flexibles facility communities, including Asheville, NC. Eligible 501(c)(3) organizations and non-profit accredited educational institutions serving Asheville may apply for projects over $1,000. Applications are submitted through the program's online portal and are reviewed quarterly. LEARN MORE

William T. Grant Foundation - Research Grants on Reducing Inequality *NEW!*
Deadline: July 29, 2026

Award Amount/Ceiling: Major Research Grants: $100,000 to $600,000 over 2-3 years, Officers' Research Grants: $25,000–$50,000 over 1-2 years
Description: This program supports tax-exempt organizations in research to build, test, or increase understanding of programs, policies, or practices to reduce inequality in the academic, social, behavioral, or economic outcomes of young people ages 5-25 in the United States. Funding supports studies that examine programs, policies, or practices to reduce inequality along dimensions of race, ethnicity, economic standing, sexual or gender minority status (e.g., LGBTQ+ youth), language minority status, or immigrant origins. Projects may be descriptive studies that describe, explore, or explain how programs, practices, or policies reduce inequality, or intervention studies that provide causal evidence on the effectiveness of programs or policies for reducing inequality. LEARN MORE

DAV Charitable Service Trust - DAV Charitable Service Trust Grant *NEW!*
Deadline: Rolling; July 31st, 2026, October 30, 2026
Award Amount/Ceiling: Unspecified amount
Description: DAV (Disabled American Veterans) Charitable Service Trust is dedicated to empowering veterans to lead high-quality lives with respect and dignity. The grant program supports not-for-profit organizations that fulfill a need or array of needs for sick, wounded, homeless, or at-risk United States veterans and their families. All applicants must be operational and recognized by the Internal Revenue Service (IRS) as tax-exempt. Application cycles will open and close yearly on the first and last business days of January, April, July, and October. LEARN MORE

American Psychological Foundation - Direct Action Visionary Grants *NEW!*
Deadline: Rolling; LOIs evaluated after July 31, 2026 and October 30, 2026.
Award Amount/Ceiling: Up to $60,000
Description: The APF Direct Action Visionary Grants seek to fund innovative interventions, based on psychological knowledge, that directly address pressing needs of communities. APF is particularly interested in supporting communities and populations dealing with prejudice, bias, intolerance, and all forms of bigotry, including racism, antisemitism, homophobia, and misogyny. Projects should support APF's four Visionary Priorities: Serve Marginalized Communities, End Prejudice & Stigma, Prevent Violence, and Explore Mind-Body Health Connections. Project applicants may be individuals or organizations and are not required to be psychologists or mental health professionals, but an expert in the relevant evidence-based psychological intervention or resource used for the project must be centrally involved throughout the funding timeline. APF accepts LOIs year-round and evaluates them quarterly with upcoming deadlines including July 31, 2026, and October 30, 2026. LEARN MORE

Mutual Aid

Foundation Grants

Community Foundation of Henderson County Community - CFHC Community Grants
Deadline: September 1, 2026, December 1, 2026
Award Amount/Ceiling: Unspecified Amount
Description: CFHC's Community Grants support tax-exempt organizations running programs located in Henderson County or providing direct benefit to Henderson County residents. CFHC encourages proposals that demonstrate collaboration, minimize duplication of services, emphasize prevention and early intervention, affect a broad segment of the population and are relevant to community needs. Focus areas include animal care, arts &culture, civic affairs, conservation, health, education, and human services. Applications are accepted quarterly, and awards are normally announced about two months after each cycle deadline. LEARN MORE

RedRover - Safe Housing Grants for Domestic Violence and Animal Organizations
Deadline: September 1, 2026
Award Amount/Ceiling: Up to $60,000
Description: RedRover's Safe Housing grants support nonprofit domestic violence and animal organizations that want to help survivors escape abuse with their pets by building or renovating pet-friendly spaces, creating foster or boarding programs, covering routine or emergency veterinary care, and helping with pet deposits. Applicants must be established organizations and must apply with a required partner organization from the domestic violence or animal sector and demonstrate they can launch pet-safe housing services within 12 months. Foundation Grants

The Duke Endowment - Health Care Program Grants
Deadline: Pre-application deadlines: November 15, 2026, full application deadline (if invited): December 15, 2026.
Award Amount/Ceiling: Unspecified amount
Description: The Duke Endowment Health Care Program Grants are focused on priority organizations in North Carolina and South Carolina, including nonprofit hospitals, academic health centers, Area Health Education Centers, select organizations in counties without an eligible hospital, and nonprofit inpatient facilities. Competitive proposals align with the program's funding priorities, which include improving access to care for vulnerable populations, advancing maternal and infant health, strengthening mental health services with an emphasis on pediatric care, expanding oral health access, supporting population health, and building the health care workforce. Applicants whose pre-applications align with current priorities may be invited to submit a full application in the same cycle. Pre-applications are set to open 6 weeks before the full application deadline. LEARN MORE

Workforce Development

Federal Grants

U.S. Department of Health and Human Services - Occupational Safety and Health Training Project Grants
Deadline: October 29, 2026, October 28, 2027, October 24, 2028
Award Amount/Ceiling: Undergraduate Programs may request up to $50,000/year. | Graduate Programs may request up to $150,000/year. | Occupational Medicine Residency Programs may request up to $250,000/year. | Budget requests for non-academic training programs may vary.
Description: This opportunity funds organizations to train and strengthen the occupational safety and health (OSH) workforce by designing and delivering structured training programs that build competency in preventing and controlling workplace hazards. It supports two program types: Academic Training Programs that develop degree-based OSH professionals across core/allied disciplines, and non-Academic Training Programs that provide specialized, practice-oriented training for targeted worker or practitioner audiences. Applicants propose a training approach that typically includes curriculum/content development, recruitment and trainee support, hands-on/field-based learning opportunities, mentorship, and evaluation to demonstrate improved knowledge/skills and workforce readiness. Projects are expected to be responsive to OSH workforce needs and to prepare trainees to address priority workplace safety and health challenges through evidence-based practice. See NOFO for eligibility criteria.

National Institutes of Health (NIH) — Clinical and Translational Science Award (CTSA) Program (UM1) (PAR-24-272)
Deadline: January 27, 2027, January 26, 2028, January 25, 2029
Award Amount/Ceiling: No fixed cap, award amount varies by applicant institution's NIH funding level, applicants may request different maximum budgets based on the total NIH funding received, as specified in the FOA's budget tier table.
Description: The National Institutes of Health (NIH) Clinical and Translational Science Award (CTSA) Program supports academic research hubs that accelerate the translation of scientific discoveries into improvements in human health. The program funds integrated centers that develop innovative methods, training, and collaborative infrastructure to improve the efficiency, quality, and impact of clinical and translational research. Projects support multidisciplinary teams and partnerships that enhance the clinical research workforce, advance data and informatics capabilities, and strengthen community engagement to speed the development and implementation of medical treatments and health interventions. See NOFO for eligibility criteria.

National Institutes of Health (NIH) - Mentored Clinical Scientist Research Career Development Award (Parent K08 – Independent Clinical Trial Not Allowed)
Deadline: October 12, 2026, February 12, 2027
Award Amount/Ceiling: Unspecified amount
Description: NIH's Mentored Clinical Scientist Research Career Development Award (Parent K08 – Independent Clinical Trial Not Allowed) provides protected time for intensive, supervised research career development for individuals with clinical doctoral degrees. Eligible sponsoring organizations include nonprofits with or without 501(c)(3) status, and the candidate must have a clinical doctoral degree, hold a full-time appointment at the academic institution by the time of award, and commit at least 75% of full-time professional effort to the career development program. The award supports mentored research in biomedical, behavioral, and translational research, and applicants may not propose leading an independent clinical trial under this NOFO, though mentored experience in a clinical trial led by a mentor or co-mentor is allowed. The maximum project period is five years. LEARN MORE

Foundation Grants

Golden LEAF Foundation - Open Grants
Deadline: August 20, 2026, October 22, 2026
Award Amount/Ceiling: Up to $500,000
Description: Golden LEAF's Open Grants Program funds economic development projects in North Carolina, with emphasis on tobacco-dependent, economically distressed, and/or rural communities. Eligible applicants are governmental entities and 501(c)(3) nonprofit organizations, and awards in this program are $500,000 or less. The process is a two-stage application: applicants submit a Stage 1 application, and only selected applicants are invited to submit a Stage 2 application for funding consideration. Priority funding areas include Job Creation & Economic Investment, Workforce Preparedness, Agriculture, and Community Competitiveness. Applications are submitted through Golden LEAF's Fluxx grant portal, and submissions are grouped into recurring board-cycle deadlines while still allowing applications throughout the year. LEARN MORE

Albemarle Foundation - Impact Grants
Deadline: October 31, 2026
Award Amount/Ceiling: Unspecified Amount
Description: Albemarle Foundation Impact Grants provide charitable donations to eligible 501(c)(3) nonprofits (or global equivalents) to support the programming of the requesting organization, with funding decisions made by local Albemarle employees based on community needs. Eligible applicants must align to at least one of Albemarle Foundation's strategic pillars (e.g., Future Ready Workforce, Environmental Sustainability, or Resilient Communities), offer programming within 50 miles of an Albemarle Corporation location (including Charlotte, NC and Kings Mountain, NC), and be able to provide financial statements from the previous year.

Impact Grant requests are accepted on a rolling basis from January 1st to October 31st, and applications are reviewed quarterly with decisions communicated via email. Requests are submitted through Albemarle's online platform, which notes a minimum 90-day processing window. LEARN MORE

Truist Foundation - Building career pathways to economic mobility
Deadline: July 31, 2026, November 30, 2026
Award Amount/Ceiling: Minimum grant is $15,000
Description: The Truist Foundation invests in innovative nonprofits that work with adults and align with its key areas of focus: "building career pathways to economic mobility" and "strengthening small businesses". The Truist Foundation supports needs that are sustainable and don't commit funds to recurring expenditures such as funding for a new program launch, a curriculum to expand or strengthen a program, equipment to deliver a program, and capital needs. The application process is open through Truist's online portal with three annual deadlines (March 31, July 31, and Nov 30) and decisions are communicated roughly four months after each deadline. Truist requires applicants to be qualifying 501(c)(3)/509(a) organizations and notes it does not provide general operating support for this pillar. LEARN MORE

Mary Reynolds Babcock Foundation - Grants
Deadline: Rolling
Award Amount/Ceiling: Unspecified Amount
Description: The Mary Reynolds Babcock Foundation supports power building to advance racial equity and social and economic justice across an 11-state Southern footprint, including North Carolina. They invite proposals from nonprofits serving the South that have track records of helping people and places move out of poverty and achieve greater social and economic justice. Organizations may use funds for general operating support, project support, "glue" support for networks of grassroots and partner organizations, and organizational development needs. Prospective partners may submit an organizational summary at any point in the year, if work aligns and funding is available, MRBF may invite a full proposal and staff then bring recommendations forward for board approval. LEARN MORE

The Duke Endowment - Health Care Program Grants
Deadline: Pre-application deadlines: November 15, 2026 | Full application deadlines (if invited): December 15, 2026.
Award Amount/Ceiling: Unspecified amount
Description: The Duke Endowment Health Care Program Grants are focused on priority organizations in North Carolina and South Carolina, including nonprofit hospitals, academic health centers, Area Health Education Centers, select organizations in counties without an eligible hospital, and nonprofit inpatient facilities. Competitive proposals align with the program's funding priorities, which include improving access to care for vulnerable populations, advancing

maternal and infant health, strengthening mental health services with an emphasis on pediatric care, expanding oral health access, supporting population health, and building the health care workforce. Applicants whose pre-applications align with current priorities may be invited to submit a full application in the same cycle. Pre-applications are set to open 6 weeks before the full application deadline. LEARN MORE

Truist Foundation - Truist Grant Opportunity *NEW!*
Deadline: July 31, 2026, November 30, 2026
Award Amount/Ceiling: Minimum of $15,000
Description: The Truist Foundation funds 501(c)(3) nonprofits working in two focus areas: building career pathways to economic mobility for adults age 18 and older, and strengthening small businesses through access to capital, technical assistance, and ecosystem support. The foundation supports sustainable, non-recurring needs such as new program launches, curriculum development, equipment, and capital campaigns (the latter only once 60% of fundraising goals are secured). LEARN MORE

DAV Charitable Service Trust - DAV Charitable Service Trust Grant *NEW!*
Deadline: Rolling; July 31st, 2026, October 30, 2026
Award Amount/Ceiling: Unspecified amount
Description: DAV (Disabled American Veterans) Charitable Service Trust is dedicated to empowering veterans to lead high-quality lives with respect and dignity. The grant program supports not-for-profit organizations that fulfill a need or array of needs for sick, wounded, homeless, or at-risk United States veterans and their families. All applicants must be operational and recognized by the Internal Revenue Service (IRS) as tax-exempt. Application cycles will open and close yearly on the first and last business days of January, April, July, and October. LEARN MORE

Corporate Grants

Ferguson Cares - Grant
Deadline: Rolling-basis
Award Amount/ceiling: Unspecified amount
Description: Ferguson Cares provides grant support to 501(c)(3) nonprofit organizations that serve U.S. communities within the company's geographic footprint. As part of Ferguson's broader sustainability strategy, this program focuses on four key pillars: Affordable Housing, Skilled Trades Workforce Development, Clean Water and Sanitation Access, and initiatives that enhance local economic wellbeing in Ferguson's hometown. The grant program supports impactful partnerships that address social challenges and build long-term community resilience. LEARN MORE

Albemarle Foundation - Impact Grants
Deadline: Rolling, till October 31, 2026
Award Amount/Ceiling: Unspecified amount
Description: The Albemarle Foundation provides Impact Grants as charitable donations to eligible 501(c)(3) nonprofit organizations, NGOs, or the global equivalent, to support programming of the requesting organization. Funding decisions are made by local Albemarle employees and are based on the community's needs. Grant requests must align with at least one of Albemarle Foundation's strategic pillars, and recipient organizations must offer programming within 50 miles of an Albemarle Corporation location, be a permanent tax-exempt 501(c)(3) U.S. organization or non-U.S. equivalent, and be able to provide financial statements from the previous year. LEARN MORE

Toyota Battery Manufacturing North Carolina (TBMNC) - Grant Program
Deadline: October 1, 2026
Award Amount/Ceiling: Unspecified amount
Description: This Toyota facility-based giving opportunity is a strong local fit for nonprofits, state or municipal organizations, and public schools serving Guilford and Randolph counties in North Carolina, where Toyota Battery Manufacturing, North Carolina is located. Toyota's published priorities emphasize long-term, sustainable impact for under-resourced communities, with especially strong signals around STEM/STEAM education, workforce readiness, and student-support strategies that help build the future local talent pipeline. LEARN MORE

Vulcan Foundation - Charitable Projects
Deadline: Rolling
Award Amount/Ceiling: Unspecified amount
Description: The Vulcan Foundation supports community-serving projects in places where Vulcan operates, with published priorities centered on working with schools, supporting environmental stewardship, and encouraging employee involvement. Nonprofits or public-school-serving organizations in a Vulcan community that can show clear local benefit may apply, especially if the proposal touches more than one of those focus areas. Proposals submitted to the Foundation should be sent directly to the charitable contributions officer in the appropriate geographical area. Requests are considered throughout the year. LEARN MORE

Goldman Sachs Foundation - 10,000 Small Businesses *NEW!*
Deadline: Rolling
Award Amount/Ceiling: Unspecified amount
Description: Goldman Sachs 10,000 Small Businesses is an investment in the growth of small businesses. We help entrepreneurs create jobs and economic opportunity by providing access to education, capital and support services. Participants gain practical skills to take their businesses to the next level, access financial capital, and receive support from a network of

trained professionals. The program is 100% funded by the Goldman Sachs Foundation – $0 cost to participants, and applicants must be an owner or co-owner of the business, have been operating at least two years, have revenue of $75K or more in one of the past two fiscal years, and have at least two employees, including yourself as the owner. LEARN MORE

State Government Grants

North Carolina Department of Commerce - Rural Reuse & Development Fund (Building Reuse & Rural Infrastructure Programs)
Deadline: August 20, 2026, October 22, 2026, January 7, 2027, February 22, 2027, April 29, 2027
Award Amount/Ceiling: Unspecified amount
Description: The NC Department of Commerce's Rural Engagement & Investment unit administers the Rural Reuse & Development Programs, including the Rural Building Reuse and Rural Infrastructure programs, which support local-government-led economic development projects that result in the direct creation of new, full-time, private-sector jobs. The Building Reuse Program supports the renovation or upfit of vacant buildings, renovation or expansion of existing business buildings, and renovation, expansion, or construction of certain rural health care facilities. The Rural Infrastructure Program supports publicly owned infrastructure improvements such as drinking water or wastewater treatment plants, public water or sewer lines, publicly owned natural gas lines, access roads not funded or owned by NCDOT, and public rail spur improvements. Building Reuse requires a dollar-for-dollar cash match and awards may not exceed one-half of renovation or construction costs, while Rural Infrastructure requires a 5% local cash match. LEARN MORE
